

Welcome to the Life Solutions Plus, Inc. Spring 2014 Catalog.

We are excited to be able to offer pediatric bathing systems, bariatric geri chair recliners and a significantly wider range of wheel chair and walker accessories. Also new in this catalog is a selection of exam room and patient room furniture.

About Us

LifeSolutionsPlus, Inc. grew out of a need to provide quality self-help products to members of our family and friends who needed products to help with diabetes, arthritis, poor vision and a host of other common conditions. We checked with local businesses in our community and none of them carried the type of products that we needed. What we were looking for were simple products that could make everyday tasks easier to accomplish.

So LifeSolutionsPlus was born. After extensive research and product testing, we are proud to offer these quality products that foster independent living. You see, we know that everyone wants to remain independent as long as they can and we understand how frustrating the most common household tasks can be without a little help. That's why we are committed to providing the best products available for independent living. We are also committed to excellent customer service and are always available to answer any questions that you might have about our products.

It is our sincere hope that these self-help products will be able to help you maintain your independent lifestyle as long as you choose to do so. We all need a little help now and then. We hope that we can provide that for you.

Ordering and Shipping Information

Orders

Orders can be placed online 24 hours a day, 7 days a week or by phone during regular business hours which are Monday - Friday 9 am to 4:30 pm EST. We are closed holidays.

Credit Card Orders

For your convenience, we accept the following credit cards: VISA, MasterCard, American Express and Discover. Customers should check their order confirmation sheet for payment method. If you entered a credit card number but your payment method lists check/money order on your confirmation sheet then you need to call us at 1-877-785-8326 to provide us with your credit card information. For some reason, our website was unable to accept your credit card information.

Credit-Cards

Check Orders

Orders paid by check will be processed when payment is received and confirmed by the bank which may take up to 2 weeks.

Security Protection

Our website is a secure site. We use the COMODO SSL Server Certificate to securely protect and encrypt the transmission of your credit card and personal information. Site security is scanned and verified by COMODO Hackerproof. All information provided will be used only for the current order. No information is ever sold or distributed to any third party organization. Email addresses are only used to inform customers of the status of their order and tracking information, not for marketing purposes.

International Orders

We accept orders from nearly every country in the world provided the package's destination remains within the United States. Payment must be made in US dollars, either by an international credit card for on-line orders or by an International Money Order payable in US dollars for mail-in orders. All International Orders must have a "Ship To" Address that resides within the United States; we do not ship outside of the US.

Delivery

Orders are shipped within 48 hours (if products are in stock) by UPS or US Postal Service (USPS). Delivery times range from 3 - 6 business days depending on items ordered and delivery location. Shipping charges reflect shipping within the 48 contiguous states. Orders shipping to Alaska, Hawaii and Puerto Rico will be shipped via USPS and may require an additional charge. Orders will be shipped via UPS unless USPS is specifically requested by the customer. Delivery of orders shipped via USPS is the responsibility of the customer. No tracking information is available. UPS does not deliver on Saturdays and there is no Sunday or holiday delivery available for either carrier.

Sales Tax

Orders shipping to Pennsylvania and California will have sales tax added to the subtotal amount of

the order. The tax rate for Pennsylvania is 6% and California is 7.25%.

Shipping Charges

Shipping and Handling charges will be calculated at checkout and reflect the UPS fuel surcharge.

Oversized Items

Due to the dimensional weight of certain items and orders, a shipping surcharge may be necessary. Customers will be advised of any additional charges before the order is shipped. Due to the cost, oversize items will be shipped ground freight only. No Overnight Air or 2nd Day Air Service is available.

Special Shipping

Overnight Air and 2nd Day Air services are only estimated by our website. If additional charges are necessary, customers will be contacted before the order is shipped and advised of the various shipping options. In some cases, orders may be shipped via USPS. Orders placed before noon EST on in stock items will ship the day of the order. However, we will make every effort to ship all Overnight and 2nd Day orders placed after noon on the day of the order, but this is not guaranteed.

Incorrect Addresses

Customers are encouraged to check the shipping address on their order confirmation sheet for correctness. If there is an error, please contact us via phone or email immediately. Customers will be charged a \$10 incorrect address fee for orders that UPS cannot deliver because of an incorrect address or other condition that makes the package undeliverable. Customers will be notified if there are any problems relating to delivery, so that they or we can contact UPS and make other arrangements. If a person's home address has delivery concerns, we suggest that the customer have the order shipped to a work address or the address of a relative or friend. Customers will also pay for reshipping if the order is returned to us and is resent to them.

Damaged Items

Although our shipping staff takes extra care in packaging your order, there is always the potential for damage to occur. Please check your order immediately upon receipt and if the shipment is damaged or incomplete upon arrival, please call us to report the situation. All returns must have prior authorization to be accepted.

Return Policy

Customer satisfaction is important to us, but due to the personal nature of many of our products, returns cannot be accepted. We will not accept returns on items used for personal hygiene, eating, bathing/bathroom, therapy, and bedding or on any product involving body contact. To accept a

return on such items would not only violate certain board of health regulations, it would put our warehouse staff at risk. We ask for your understanding in this matter. For all other products that are not personal in nature, returns will be accepted within 30 days of purchase. Products must be in their original packaging and must be in resalable condition for a return to be accepted. No credit will be given for damaged or abused merchandise. Customers are required to contact us for return instructions and a return authorization number which must be displayed on the outside of the box being returned. No returns will be accepted without a return authorization number. Once a return authorization number is issued, the item must be returned within 2 weeks. Once the return is received by our warehouse, credit will be given for the item. No credit is given for shipping and handling charges. Returns for wrong size on such items as shoes, gowns and splints must be initiated within 1 week of receipt.

Household Aids

Adjustable Back Rest

Model: rtl6107

The Adjustable Back Rest by Drive Medical's Lifestyle Essentials adjusts to 5 positions (3.5 inches flat to 22.5 inches) from a low lying angle to an upright sitting position. Can be used with beds and chairs. Folds flat for convenient storage. Powder coated, easy to clean frame. Limited 6 month warranty.

\$61.95

Bariatric Footstool with Handrail with Non Skid Rubber Platform

Model: 13062-1sv

A cross brace attached with aircraft rivets and 1 inch steel tube manufacturing give this heavy duty bariatric footstool with hand rail by Drive Medical the strength you require. A hand rail attached to the stool only adds extra support. It can withstand a weight capacity of up to 500 pounds. The non-skid ribbed rubber platform and reinforced rubber tips on the legs provide a stable surface. The product is protected by a limited lifetime warranty.

\$69.95

Bariatric Heavy Duty Overbed Table

Model: 13080

This bariatric overbed table by Drive Medical is so strong in the locked position it can support up to 500 pounds. Thank a structurally reinforced steel-welded frame. It extends virtually the entire length of the high pressure, 18 in by 40 in laminate table top that is large enough to reach the center line of most bariatric beds. The table top height can adjust from 30 in to 45 in 1 inch increments, and a power-coated base and column are attractive and easy to maintain. Swivel casters allow for easy maneuverability. The product is protected by a limited lifetime warranty.

\$609.95

Bed Tray

Model: LS111

Made of sturdy plastic, this bed tray is great for eating, reading, writing or grooming while sitting in bed. Side pockets have room for books, magazines, cards and make-up kits. Side handles allow for easy carrying. The tray has 16 inch wide leg room and a 13 1/2 in x 10 1/2 in flat area with a edged rim. This tray is also great for kids. Overall dimensions are 22 1/2 in x 12 in x 7 in. Assorted colors.

\$25.95

Carex Shopping Bag Carrier

Model: LS690

The Carex Shopping Bag Carrier makes holding plastic or paper shopping bags easier on the hands and fingers. The ergonomic handle distributes the bag weight to a large carrier handle. Ideal for persons with arthritis or weak hand strength. Carrier fits easily into purse or pocket. Strong lightweight design. Carrier measures 5 1/4 in x 3 1/2 in x 1/2 in.

\$4.95

Colored Foam Tubing

Model: PNC35012

This bright color assortment of form tubing is great for kids and visually impaired people. Use this colored foam tubing to build up eating utensils and any other hard to grasp handles like toothbrushes, pencils or craft utensils. This non-slip foam is available in three different diameters. Assorted package contains two of each color. All tubing is sold in a package of six 12 in long tubes. Dishwasher safe.

\$14.95

Dexterity Kit

Model: LS890

This economical kit contains items to help persons who have arthritis or limited use of their hands. Kit contains 2 lamp switch turners, 1 zipper puller/button hook, 3 easy key turners, 3 pen or pencil cushions and 2 spoon or fork holders. Made of lightweight plastic, these items can help make simple tasks around the house a little easier.

\$19.95

Door Knob Extender

Model: NC28249

This 5 in extension handle converts a doorknob into a door lever providing extra leverage for people with limited hand function. Door knob extender fits over standard doorknobs measuring 2 1/8 in - 2 3/8 in in diameter and allows complete access to keyholes. A cord or string can be inserted into the handle slot making the doorknob even easier to open for people with limited hand function. Installs using only a screwdriver. Sold in pairs. Easy to clean. Beige color.

\$21.95

Doormatic Automatic Door Opener

Model: 850100300

- The Doormatic revolutionizes opening doors. No drilling, no tools, no structural changes to door or door frame. Automatically opens and closes internal doors - Easy Tool-Free installation with velcro - Battery operated - Simple push or pull activates the automatic door opener - Easy-to-read menu.

Waiting time and speed can be pre-set - Operates on many different surfaces - Comes with obstacle detection for added safety - 1 Year Limited Warranty.

\$694.95

Drive Multi Height Manual Hospital Bed

Model: P15003

With adjustable height at the foot, the head, and overall, this multi-height manual bed from Drive Medical fits your individual needs, allowing for an anatomically correct sleep surface. Hand cranks at the foot of the bed are used for adjustments and can be folded out of the way, concealing them to prevent injury. Side clips under the angle iron store shaft when the bed is unassembled. The bed ships in two cartons and assembly is easy. The channel frame construction provides superior strength and reduced weight, and a reinforced frame with zinc-coated spring deck resists twisting and bending. Attractive heavy-duty bed ends will mesh seamlessly into any decor and are easy to clean and maintain. Both head and foot ends are interchangeable with Invacare and Sunrise. The product is CSA approved and manufactured in ISO9001 facility. The original purchaser is protected by a lifetime warranty on welds, 5 years on frame, and 1 year on all other parts and components. Bed Height ranges from 16 - 24.5 inches. Overall length is 88 inches. Overall Width is 36 inches. Weight Limit is 450 lbs. Bed is available by itself, with half rails, with full rails or with full rails and 80 inch Inner Spring mattress. \$595.95

Easy Key Turner

Model: LS896

These enlarged plastic key turners are designed to snap over regular house keys to make turning the key in the lock easier. Key turners come in two colors to aid in key identification. Assorted colors. Package of two. \$3.95

Easy Turn Lamp Switch Adapter

Model: NC28750

Replace small hard-to-turn lamp switches with this large, three-pronged plastic adapter. This lamp switch adapter is ideal for persons with limited hand strength or arthritis. Easy to install. \$9.95

FeatherLite Reacher

Model: PNC28521

The FeatherLite[®] reacher is lightweight and can be operated by the use of one finger. The convenient pulling lug tip on this reacher can be used to pull clothing or blankets. The handy magnet on the jaw tip of the reacher is useful for picking up small metal objects. The metal reacher holds lightweight objects up to 3" wide and weighing up to 3 lbs. An economical solution for people who need an extended reach.

\$14.95

Folding Hand Held Reacher

Model: rtl5022

The 26.5 in Folding Hand Held Reacher by Lifestyle Essentials folds flat for more convenient storage and comes with a lightweight aluminum frame that helps eliminate bending and stretching. Only 7 ounces of pressure required on the trigger to close jaws. Limited 6 Month Warranty.

\$28.95

Footstool with Handrail and Non Skid Rubber Platform

Model: 13031-1sv

A handrail provides additional support and safety on this foot stool by Drive Medical with steel-welded silver vein construction. The non-skid, ribbed rubber platform provides stability, as do the reinforced rubber tips on the legs. Step surface is 14 in x 11 in. Step height is 9 in. Overall width is 17 in width x 13 in depth x 34 in height. The product is protected with a limited lifetime warranty.

\$62.95

Footstool with Skid Rubber Platform

Model: 13030-1sv

The steel-welded silver vein construction on this foot stool by Drive Medical is durable and attractive. The non-skid, ribbed rubber platform provides stability, as do reinforced rubber tips on the legs. Base dimensions are 14 in x 11 in. Overall dimensions are 17 in x 13 in x 9 in high. The 1 in steel construction with brown vein finish is both strong and attractive. The rails adjust up or down thanks to spring-loaded release. The spring-loaded crossbars offer extra support, and come easy to install or easy to remove. The product is protected by a limited lifetime warranty.

\$92.95

Garden Caddy Tractor Seat on Wheels

Model: LS0020

Do you love to garden but kneeling and bending are uncomfortable due to arthritis or some other disability? The garden caddy is the solution for you. Sit with comfort on this sturdy tractor seat on wheels. The seat on this four-wheeled caddy swivels 360 degrees and allows freedom of movement when working in your yard, garden, flowerbed or greenhouse. Seat adjusts from 18 in to 22 in. A shelf located under the seat keeps tools and supplies within handy reach. Features include: Heavy duty 1 in steel tube frame, four 10 in pneumatic rubber tires, load capacity of 300 pounds. Seat measures 13 in l x 17 in w x 7.5 in h. Shelf measures 17 in l x 15.5 in w x 3 in d. Overall vehicle measures 33 in l x 16 in w x 22 in h.

\$149.95

Gas Cap Tool

Model: LS800

Newer model cars require the tightening of the gas cap before they will operate properly and all cars experience a pressure build-up in the gas tank that makes it difficult to remove the gas cap for refueling. Tightening and removing a gas cap does not present a problem for most folks, but for those with limited and/or diminished strength in their hands or fingers, this small task becomes a major dilemma at refueling time. This gas cap wrench will eliminate the problem! This handy tool is designed to fit over the bar that is present on the top of all gas caps. There are three channels in the head of the tool so that this bar may be grabbed at any angle. This gas cap removal tool comes with two attachments in order to accommodate most cars. This item is ideal for persons who have arthritis and have difficulty removing the gas cap at the gas pump.

\$15.95

Goose Neck Exam Lamp with Dome Shade and Mobile Base

Model: 13408mb

This mobile, 16 inch flexible goose-neck lamp with dome-style shade by Drive Medical can be adjusted in any direction thanks to an arm that adjusts a full 360 degrees. \$27.95

Pin Style Pull Cord Alarm

Model: 13602

A more economical way to signal that a patient has moved, this deluxe pull-cord alarm easily secures to a bed or chair with a self-contained clip. It features a pin-style activation cord (adjustable from 18 - 33 inches) that pulls when the user moves, dislodging the pin from the alarm unit and activating the signal. The alarm includes two volume settings (85 dB and 100 dB) and can be deactivated with the On/Off switch. The product requires one 9V battery to operate (included) and is protected by a 1 year limited warranty.

\$31.95

Plastic Transfer Board

Model: rtl6046

For ease of transferring patients to and from a wheelchair. Made of plastic, this board is lighter weight than comparably sized wood transfer boards. Weight capacity 250 lbs. Limited 6-month warranty.

\$27.95

Portable Cushion

Model: PNC92029

Enjoy a cushioned seat wherever you go! This portable cushion is ideal for use on standard chairs, wheelchairs and bleachers at sporting events. Straps make the cushion easy to carry. Cushion resists compaction after repeated use and has a cotton/poly blend cover that may be removed for washing. Cushion measures 15 in x 15 in and is available in two thicknesses 3 in or 4 in.* Additional images below.

\$43.95

Portable Handy Ox Digital Oximeter

Model: 18715

The Portable Handy Ox Digital Oximeter by Drive Medical is a cost effective, accurate and reliable hand held pulse oximeter. The audible and visual alarm settings can be customized, the low and high thresholds can be individualized to the patient for both pulse rate and oxygen saturation. The durable rubber boot provides protection against accidental drops.

\$237.95

Rainbow Reacher

Model: PNC28480

The suction cups on this lightweight reacher enable a person to pick up small items with minimal finger strength. The jaws open 4 1/2 in wide. Reacher fits comfortably in small hands and provides a secure hold on objects. Available in two lengths, 21 in and 31 in.

\$17.95

Reach N Scratch

Model: LS429

Molded plastic fingers and an extra long 24 inch bendable handle makes it ideal for those hard to reach places that itch. Handle can be easily bent to desired shape. Folds conveniently to hang, store or for travel.

\$17.95

RoboHandle

Model: Robomd

This ergonomic handle can be attached to a variety of large or short handled tools to reduce hand and wrist strain. RoboHandle attaches easily to tool handles measuring 3/4 to 1 inch in diameter. Works on garden tools, rakes, mops and brooms just to name a few. RoboHandle increases torque by nearly 600 percent when using any tool. Isolate your wrist movement by letting your more powerful forearm and upper arm do all the work. Avoid pain caused by repetitive wrist movement. RoboHandle allows tools to be easily used with one hand which frees up the other hand while you work. RoboHandle measures 10 inches long with a hand grip of 4.5 inches long and 1 inch in diameter. The arm ring has a diameter of 4 inches. Can be beneficial for persons with disabilities who have difficulty with grip.

\$19.95

Rolling Shopping Cart

Model: rt18554

The Rolling Shopping Cart by Lifestyle Essentials is extra lightweight, 100% aluminum shopping cart folds easily for storage. Ergonomically correct handles have 2 hooks to hold extra shopping bags. Bags are removable and can hold up to 50 lbs. Dimensions of cart are 38 in tall, 14.5 in wide and 14 in deep. The wheels are solid rubber and are 7.5 inches in dimension. Limited 6 Month Warranty.

\$56.95

Seat Lift Chair Overbed Table Left

Model: 13085ln

This deluxe left side overbed table by Drive Medical serves many purposes. It can be used for eating, writing, crafts, working on the computer, reading, games and much, much more. The product was designed for use with a lift chair, standard recliner or couch. The table comes available in right or left positioning with 180 degree rotation, allowing a chair to be placed near any wall. The attractive, teak wood grain laminate finish top is easy to clean and scratch resistant. It pivots 360 degrees at the touch of a hand. A built-in magazine rack provides added storage for your convenience. Furniture weight secures the table in place, so the product requires no attachments. It is protected by a limited lifetime warranty.

\$222.95

Seat Lift Chair Overbed Table Right

Model: 13085m

This deluxe right side overbed table by Drive Medical serves many purposes. It can be used for eating, writing, crafts, working on the computer, reading, games and much, much more. The table comes available in right or left positioning with 180 degree rotation, allowing a chair to be placed near any wall. The attractive, teak wood grain laminate finish top is easy to clean and scratch resistant. It pivots 360 degrees at the touch of a hand. A built-in magazine rack provides added storage for your convenience. Furniture weight secures the table in place, so the product requires no attachments. It is protected by a limited lifetime warranty.

\$222.95

Sling Seat Wheelchair Alarm System

Model: 13094-18

Never worry about where the pad is positioned on this sleek, black sling-seat wheelchair alarm by Drive Medical. The pressure-sensor pad — made from durable, reinforced vinyl — seals directly inside the wheelchair seat and features steel side-stays and is backed by an unconditional, one-year guarantee. It fits all popular sling-seat wheelchairs, which can be easily identified by the red tag sewn on the back of the sling. The system is shipped with the following: replacement seat/alarm, alarm box, mesh mounting back and 9V battery. (Not for use with heavy gel cushions.) It is protected by a 6 month warranty.

\$124.95

Standard Assist Reacher

Model: pc23584-1

Drive Medical Assist Reacher is for individuals with limited hand strength. The Reacher adds 32 inches to arm length to reduce stretching and bending when picking up objects, and ensures user safety. The opposite arm trigger on top of the Reacher allows for either left hand or right hand use.

\$26.95

Swivel Seat Cushion

Model: rtlagf-300

The Drive Medical Padded Swivel Seat Cushion allows an individual to turn up to 360° enabling them to get on or off a seat, chair or car easily and comfortably. Incredibly lightweight at 3.25 lbs. makes this product easy to transport and convenient to use.

\$26.95

Tamper Proof Magnetic Pull Cord Alarm

Model: 13603

Once the magnetic pull-switch is removed, the alarm sounds on this tamper-proof pull-cord alarm by Drive Medical. The pull-switch, which includes a convenient On/Off switch, activates from any direction and adapts to various situations with a cord that adjusts from 18 in to 33 in. The unit mounts easily on a bed or wheelchair — even on a patient's clothes thanks to an alligator clip. Volume adjusts from 85 to 95 dB on the alarm, which requires one 9V battery. The product has a 1 year limited warranty.

\$37.95

Tilt Top Overbed Table

Model: 13008

The walnut, wood grain low-pressure laminate top on this deluxe tilt-top table by Drive Medical tilts 33 degrees in either direction, giving you the ability to adjust it to suit your needs. With the slightest upward pressure, the table can be raised or lowered in infinite settings between 26.5 in-39 in, and the top locks securely when the height adjustment handle is released. Chrome-plated steel H base provides added stability and security and lead to swivel casters, which allow for maneuverability. The product is protected with a limited lifetime warranty.

\$99.95

Tool Free Adjustable Half Length Bed Rail

Model: 15208bv

Safe and easy to install, this half rail by Drive Medical was designed specifically to comply as part of the FDA Hospital Bed System Dimensional and Assessment Guidance to Reduce Entrapment. Its width adjusts tool free in 2 in increments from 36 in to 42 in and fits most beds with a steel frame. It is ideal for protection when bed is elevated but not for use with Pan-Style bed surfaces. Constructed of 1 in steel and finished in an attractive brown vein, the half rail comes protected by a limited lifetime warranty.

\$124.95

Tray Mate

Model: NC28293

Sturdy, no-wobble tray is an inexpensive alternative to a traditional bedside tables. More stable than a TV tray and less awkward than balancing a tray on your lap, TrayMate® fits snugly on almost any sofa or chair arm. The molded plastic tray top is divided into three sections. This arm chair tray measures 13in x 9-1/2in x 9in.

\$18.95

Tru-Grip Reacher

Model: PHU8226

The Tru-Grip Reacher has a lightweight aluminum shaft and an ergonomic handle with an easy-to-squeeze trigger. The head rotates 90 degrees with a Quick Pull & Twist motion. The flexible rubber tips are able to grasp almost any light object in or outside the home. Available in 32 in and 26 in lengths.

\$23.95

Universal Turning Handle

Model: NC28243

This turning handle is specially designed to make turning knobs easier for those persons with weak hand strength. Helps with turning on taps, opening/locking doors, turning stove knobs, dishwasher or washing machine dials. Ergonomic handle allows the user to grip with both hands if extra leverage is needed for those hard to turn knobs. Hexagonal pegs provide a firm grip due to the large gripping area. Handle is made of strong ABS plastic and pegs are made of durable Polyamide plastic. Weighs 3 oz.

\$21.95

Utility Cart with Baskets

Model: 13074

This 30 inch (W) x 20 inch (D) x 39 inch (H) utility cart by Drive Medical comes equipped with two large, removable wire baskets and 4 inch casters with locks that provide both safety and mobility. \$42.95

Wireless Bedside Alarm

Model: 13601

The wireless bedside alarm by Drive Medical will truly add to your peace of mind. Ideal for ICU and anywhere early detection is essential, the alarm sounds whenever an individual attempts to leave or falls out of bed. It emits a large, invisible curtain that provides a wide area of protection. The unit mounts easily, features a swivel bracket that will adjust the monitoring beam and does not require pads or clips to avoid false alarms. The sound operates at 85-95 dB without volume control. It requires one 9V battery (included) or AC power and is protected by a limited lifetime warranty.

\$99.95

Wood Hip High Chair

Model: 17100

Post-hip surgery residents won't be forced to bend at the hip with this hip-high chair by Drive Medical, which provides sitting without having to bend at the hips. Armrests, which are covered in the same soft, attractive vinyl as the seat and backrest, allow you to sit and stand safely. The product is constructed of solid maple hardwood — not a plywood veneer. The fixed footrest adjusts to three different heights to ensure maximum comfort and an ideal ergonomic fit. The product includes a 2 year warranty on the frame and 1 year limited warranty on the upholstery.

\$490.95

Speciality Equipment

3 Panel Privacy Screen

Model: 13508

Manufactured with 6 mil. flame retardant bacteriostatic white vinyl and sturdy 1 inch anodized aluminum tubing, the 3-panel privacy screen from Drive Medical is well-built and functional. The materials are as easy to maintain as they are useful. Each hinged panel measures 56 inches (H) and 27 1/2 inches (W), giving the product an overall height of 70 1/2 inches. Four 3 inch hooded casters make transportation and repositioning a cinch. The product weighs just 15 pounds (only 20 when shipped) and arrives protected by a limited lifetime warranty.

\$198.95

3 Position Geri Chair Recliner

Model: Pd574-br

With three comfortable positions, retractable lock bar, self-adjusting suspension and a convenient tray, this 3-position Geri chair recliner by Drive Medical includes a bevy of features. It can be positioned upright, in a deep recline or with the leg rest/footrest elevated, and a retractable lock bar secures the chair in your desired position. The self-adjusting suspension prevents the problem of the user bottoming out in the seat, which is protected from seepage by a moisture barrier. The product includes a large, blow-molded tray that locks in 5 positions and can be stowed away on the side of the chair. The comfortable built-in headrest and wide, comfortable, padded arm rests were constructed at an angle to provide support, even in a reclined position. The 5 casters (2 complete with locks) allow for simple movement and security of the recliner. The neutral colored, sturdy steel frame is easy to clean and maintain, with side panels that pop off for cleaning and maintenance. All foam and vinyl meet California Flammability standards, and the product also meets both standard and Boston Fire Department specifications. It is protected by a limited lifetime warranty on the frame, a 1 year warranty on the upholstery and moving parts. Available in Blue Ridge, Jade and Rosewood. This chair includes a 250 pound weight capacity.

\$592.95

\$12.95

Comfi Grip Long Handled Bathing Accessories

Model: HU075010

We want you to be able to enjoy having a good wash and for washing those hard to reach areas, these long handled bath accessories are the answer. These bath sponges help you wash shoulders, back, legs and feet. With the groovy Comfi Grip handles, you'll be able to get a secure hold whether your hands are wet or dry. Using warm water or the low heat of a hair dryer, you can bend the handle to the exact shape that you need. Available in three styles. The long handled standard sponge allows you to gently wash without the sponge absorbing too much water. The long handled buff sponge helps to exfoliate your skin to improve circulation. The long handled toe and foot cleaner helps you clean your feet without having to bend or stretch.

\$11.95

Comfort Reach Spa Brush

Model: LS180-G

For persons with limited mobility, the unique bent handle of this spa brush offers 2 grips for multiple ways to hold and an integrated thumb grip to assist users having a weak grasp. The unique bent handle allows you to reach your back easily without stretching or straining. Grabbing the grip on the bent portion of the handle allows one to also wash their legs and feet without having to bend. This bath brush makes it possible to wash your entire body with the use of only one hand. The handle is made of a high quality, strong, flexible plastic and is available in green. The loofah is held in place by an advanced clip design that creates a longer lasting mesh that will not fall apart. The comfort reach handle also allows the brush to easily hang on a shower curtain rod or shower door to dry. Made in the USA. Green handle only available. You will fall in love with this brush. The most versatile brush made, replacing and outperforming every wash aid on the market. Designed for use by everyone. The unique ergonomic bent 2 grip handle with integrated thumb grip provides a comfortable reach overcoming mobility limitations. Grab 1st grip on bent handle to reach upper back, lower back and lower legs and feet. Grab 2nd grip to use as conventional straight handle brush. Made for people with a weak grip, this brush has an integrated thumb grip to assist a weak grip. You deserve luxury. Finally an exfoliating, massaging, soft loofa to wash your body. This is the only mobility brush on the market made with a loofa. When you are not using the brush we know you need a place to put it. This brush hangs on your shower curtain rod, shower door handle, towel bar or any other convenient location. The only brush on the market designed to do this. For quality and lasting durability the loofa is attached with a special clip and the handle is made from a strong, flexible plastic. Made in USA. Makes a great gift.

\$23.95

Denture Suction Brush

Hinged Elevated Toilet Seat

Model: PLS72571

The unique hinged design of this adaptive seat allows it to be raised and lowered like a regular toilet seat. This toilet seat features a seat riser made of two parts that are hinged together, allowing the ring to be lifted in the same manner as a regular toilet seat. The seat is installed using the existing toilet seat and lid and does not appreciably change the appearance of the toilet. When used with a regular toilet seat, hinged seat elevates the seating position by 4 in for easy sitting and rising. The hinged feature makes cleaning easy. Hardware kit included. Easy to install. Standard model measures 3 in x 14 1/2 in x 17 1/2 in and the elongated model measures 3 in x 14 3/4 in x 19 1/2 in. Weight capacity of both models is 400 lbs.

\$79.95

Padded Raised Toilet Seat Riser

Model: 12030

The Padded Raised Toilet Seat Riser by Drive Medical was manufactured to assist individuals who need a boost sitting down or standing up from the toilet. The padded seat was designed with an open front making this raised toilet seat extremely easy to use all while ensuring your independence. The elevated toilet riser has four locking clamps which stabilize the seat in place plus the adjustability of both angle and height ensure a perfect fit. For consumers who have difficulty bending this raised seat provides the user with a simpler solution when using the toilet. This seat is easy to clean allowing for proper hygiene using everyday household cleaning products. The seat's width and depth is 15 inches. The seat's height is 4 inches and it supports 300 lbs. The product's weight is 2.5 lbs. Drive Medical's Padded Raised Toilet Seat Riser was manufactured to provide extra comfort and safety when using your toilet.

DiaSox Diabetic Socks

Model: PLS524Blk

The DiaSox[®] is the perfect sock for people with foot or leg swelling or sensitive feet. These crew socks provide a comfortable fit for medium to extra wide shoe widths and have flat toe stitching which offers a seam-free feel for maximum comfort. The unique knit design of this sock keeps the top from falling down but will not cause binding or leave any marks. An anti-microbial fabric treatment helps protect against fungal growth and bacteria. This diabetic sock is suitable for both men and women and is available in black and white. DiaSox[®] are available in shoe sizes Medium through 2x Large. The 2X Large size stretches to a 20" circumference which is perfect for people with large calves or as a dressing over a leg cast. These socks are made from 88% natural cotton, 10% nylon and 2% spandex. Machine wash warm or cold. Line dry or tumble dry on warm. Bleach is not recommended. Sizes listed in the table below. Made in the USA. DiaSox Size Mens Shoe Size Womans Shoe Size Medium 6 1/2 - 9 1/2 7 - 10 Large 9 1/2 - 12 10 - 13 Extra Large 12 1/2 - 14 14+ 2X Large 16 - 20 15+

Extra ice packs and Sharps on the Go sold separately. Available in black.

\$16.95

FRIO Insulin Cooling Wallet Duo Pen

Model: PLS507

This handy FRIO® cooling wallet is easily activated with just plain water. This quality makes them a popular choice for travelers since no refrigeration is needed. This diabetes case stays cool for up to 45 hours and can be re-activated hundreds of times. The Duo-Pen FRIO measures 7" x 3 1/2" and is great for one or two insulin pens. Available in black, blue and burgundy. PLEASE NOTE: IF YOU ARE ORDERING A FRIO® FOR OPTICLIK® OR HUMA PEN MEMOIR® PENS. YOU WILL NEED TO ORDER A RIP-STOP NYLON SLEEVE TO PROTECT THE ELECTRONICS CONTAINED IN THE PEN FROM ANY CONDENSATION. NYLON SLEEVES SOLD SEPARATELY. External Dimensions: 7" x 3 1/2" Weight: 1.1oz Suitable for Carrying: Two pens - OR - One pen and two refill cartridges - OR - Two 10ml vials

What is a FRIO? The FRIO Cooling Wallet is an innovative product that keeps diabetes insulin at a safe temperature without the need of refrigeration. The inner part of the wallet is made of Poly-cotton (65%/35%) that has been formed into an open pocket with double-walled panels containing super-absorbent crystals. These crystals are non-toxic and non-flammable. The outer cover is made of a Du Pont fiber called "Cambrelle". This pouch is permeable and facilitates the evaporation process as well as improving the stability of the temperature inside the wallet.

How it works The FRIO Cooling Wallet is activated by immersing it in cold water for 5 -15 minutes depending on the size of the wallet. The crystals contained in the panels of the wallet expand into a gel-like substance and remain in this form for several days. Once activated, the wallet should be removed from the water and towel dried. Allow the wallet to dry for about 10 minutes until any excess moisture in the fabric is absorbed. Next, place the wallet in its outer cover. The FRIO wallet will be dry to the touch so it can be safely carried in a handbag or pocket without causing any dampness. The evaporation process creates a long lasting cooling effect inside the FRIO Wallet which keeps the insulin cool. When in continuous use, the immersion periods must be reduced to about 3-4 minutes so the crystals do not get over saturated. While in use, the wallet must not be placed in a plastic bag or air tight container; it must be able to breathe so the necessary evaporation process can take place.

FRIO Testing The FRIO Cooling Wallet has been extensively tested by the British Medical Devices Evaluation Unit and the FDA. Both groups have approved the use of the FRIO for insulin storage. The FRIO will keep insulin at acceptable limits for a period of 45 hours in a constant environmental temperature of 100 degrees. Why use the FRIO? It is light and compact weighing only 1-2 ounces. It is activated by water, no need for refrigeration, ice, or electricity. It keeps insulin cool for 45 hours for each immersion period. It can be used over and over either continuously or intermittently.* Supplies not included

Pen Plus Diabetic Case

Model: LS512

This diabetic carrying case holds vials, pens, syringes and many other medical supplies. Special insulating fabric allows cool air to pass through, yet prevents moisture from contacting supplies. This insulin case has three zippered compartments and comes with a refreezable gel pack. When used with the gel pack in its proper compartment, this diabetic case will keep insulin or other injectable medications safely cool for up to 12 hours. The case holds 4 vial of insulin or 2 insulin pens. An additional compartment keeps all your other supplies safely organized. The diabetic case can be attached to a belt, placed inside a briefcase or purse or simply carried using the detachable hand strap. Insulin case measures 8 in x 4 1/2 in x 2 1/2 in with only the gel pack inside. * Supplies not included

\$20.95

ProtectAll Diabetic Case

Model: PLS504

Just place the cooler in the refrigerator for a few hours and this diabetic case will keep insulin cool for up to 12 hours. The cooler easily holds two bottles of insulin, or a Pen System and two spare Pen bottles. For short trips, the cooler can hold a prefilled syringe or two. This diabetes carrying case has additional compartments and pockets to securely store your syringes, meter, test strips, lancing device and lancets and any other diabetic supplies. There is also a vinyl inside pocket to hold credit cards and personal ID. This diabetes case comes with an adjustable 52" strap that can be used to carry the bag around the waist or over the shoulder. Made of Cordura® Plus material. Measures 9" x 4 1/2" x 3 1/2". Available in black and blue. Additional cooler sold separately. * Supplies not included

\$49.95

Safe Clip

Model: LS0011

The Safe Clip is a diabetic product that is designed to easily and safely snip off and dispose of used insulin syringe needles. This handy device stores up to two years worth of needles or about 1,500 clipped needles. This diabetic aid works with insulin syringe as well as with pen needles between 28G through 31G or 3/16 in through 1/2 in length needles. Being small in size and very compact, this useful diabetic accessory fits neatly into a purse or insulin carrying case for easy travel or storage.

\$8.95

Telescoping Self Examination Mirror

Model: LS564

Foot care is essential for persons with Diabetes. This handy two-sided mirror is ideal for examining hard to reach foot areas, as well as other areas of the body for routine skin care. This shatter resistant mirror has a regular side and one with 2x magnification. The handle which expands from 6 in to 18 in folds down to fit in a protective storage pouch. The mirror has a 3 in diameter. Its soft-grip handle prevents slipping while in use.

\$11.95

Wright Prefilled Syringe Case

Model: LS0012

The Wright Prefilled Syringe Case makes transportation of prefilled syringes as simple as carrying a pen. Designed to fit in a pocket or purse, it holds most E-Z JECT, B-D, PharmaPlast and TERUMO syringes (not compatible with Monoject syringes). The interior is designed to safely hold the syringe plunger in your preset position. Made of impact resistant polypropylene, the kit comes with one black and one white case. Cases have a pocket clip to secure them in a shirt or jacket pocket.

\$18.95

Dressing Aids

Achieva Sock-Assist

Model: NC32500

The Sock-Assist sock aid provides an easy way to put on socks, elastic compression knee high socks or stockings if you have difficulty bending at the waist. The wide foot bed accommodates any size foot and the textured surface prevents the foot from sticking. The side wings and contoured walls of the sock aid keep the sock in place as it is pulled up the calf. Foam handle allows for easy gripping of the cord as sock is pulled on. The Sock-Assist can be used with one hand. This sock aid is also available with two foam handles for two handed use.

\$14.95

Button Hook/Zipper Pull Combo

Model: NC28616

Button Hook/Zipper Pull Combo fastens buttons and pulls zippers easily. Features a built-up, rubber grip and textured grooves on the handle that prevent the dressing aid from rolling in the hand. Handle length measures 4 1/2" with total length measuring 7 1/4". The diameter is 1".

\$12.95

Clear Zipper Pull

Model: LS426

The Clear Zipper Pull will assist in closure of zippers for persons with limited finger grasp. Monofilament loop can be tucked out of sight. Metal clip attaches to zipper tab. Overall length is 3".

Package of 3.

\$11.95

Coilers Shoelaces

Model: PNC28546

Coilers[®]; unlike regular shoelaces, never need tying. These coiled elastic shoelaces can easily be tightened or loosened as needed and allow for natural movement. These no tie shoelaces fit up to eight pairs of eyelets. Sold in pairs.

\$4.95

Combination Dressing Stick and Shoehorn

Model: LS124

The Combination Dressing Stick and Shoehorn is simple in design but comes in very handy for removing clothes and shoes. Specially angled large hook holds and pulls clothing without the clothing slipping off. Two pushers work well for removing shoes and clothes. Long shoehorn has a notch for taking off socks. This combo dressing aid can also be used for pushing and pulling drawers, doors and other items, turning on and off light switches, and retrieving clothing from beds, floors and closets. It also makes a great back scratcher. Made of hard, sturdy plastic and measures 24" in length. Dressing stick also has a hole designed for easy hanging.

\$9.95

Deluxe Elastic Shoelaces

Model: PNC28738

These elastic shoelaces are designed for athletic shoes with five, six or seven sets of eyelets. Shoes do not need to be untied to slip on or off. These no tie shoelaces are 3/8 in wide and are easy to grip. Sold two pairs per package.

\$5.50

DressEZ Long Handle Shoehorn and Dressing Aid

Model: PNC28577

The DressEZ combines a dressing stick and a long shoehorn. The hook can be used to help put on pants, sweaters, socks and other articles of clothing or to remove clothes hangers from high closet rods. This dressing aid is made of smooth, durable plastic that is 1 1/4 in. in diameter and covered with soft foam. The DressEZ is available in 24 in. and 30 in. lengths.

\$14.95

Dressing Stick

Model: NC28575

This lightweight birch dressing stick is handy for putting on all types of clothing. The dressing stick eliminates the need for bending which makes it perfect for people with arthritis or who have had hip replacement surgery. A plastic C hook on one end and a push-pull hook on the other allow for clothes to be handled without snagging. The dressing stick measures 27 in in length and weighs only 5 oz.

\$7.95

Easy-Pull Sock Aid

Model: NC28600

The Easy-Pull Sock Aid[®] sock aid features a flexible sock trough covered with nylon that allows the foot to slide easily. The terry cloth outer cover keeps the sock in place as it is pulled onto the foot. This sock aid is ideal for people who cannot bend at the waist. Large loop handles at the end of 32" straps allow for use by those persons with weak grasps. The sock aid is hand washable.

\$15.95

Elastic Shoelaces

Model: PNC28681

These elastic shoelaces allow enough stretch so that once tied, shoes can be slipped on and off without untying the laces. These no tie shoelaces are ideal for people who have difficulty bending or tying laces.

Shoelaces available in 24 in and 37 in lengths and are sold two pairs per package.

\$4.50

Foot Socker

Model: LS425

The Foot Socker provides assistance with putting on your socks. A rigid handle provides firm control as you slide your sock for enough onto your foot so that you can use your hands to finish the application.

Measures 18" x 6".

\$14.95

FootFunnel

Model: LS013

The FootFunnel® is a unique device that works like a shoehorn, but it is great for those persons who can not reach down or have the hand strength necessary to operate a shoehorn. The FootFunnel® loads onto the shoe and makes the back of the shoe easier for the foot to go in. Its straight, smooth surface allows the funnel to be pulled out of the shoe with the aid of the attached laces. The funnel can also be removed by using the other foot or with a reacher. Works with most types of shoes and sizes.

Made of sturdy plastic, this dressing aid is easy to use even with the shoelaces kept tied.

\$12.95

Good Grips Button Hook

Model: NC28667

The Good Grips Button hook makes the task of buttoning clothes easy for people who have arthritis or limited use of the hands. The soft, rubber-like handle is easy to grip and measures 4 in. The total length of the button hook is 6 in.

\$8.95

Good Grips Shoehorn

Model: PNC65631

These extra-long Good Grips shoehorns are perfect for people who can not bend to put on shoes. A soft, rubber-like handle makes the shoehorn easy to grip. The textured shaft of this shoehorn is sturdy and allows the foot to slip easily into a shoe. Sold in three sizes to accommodate shoes being put on while sitting or standing.

\$9.95

Heel Guide Compression Stocking Aid

Model: NC32506

The Heel Guide Compression Stocking Aid has a unique indented channel on the inside of the center cone which acts as a heel guide and keeps the foot in the proper position as the compression sock is pulled on. Extra long sturdy handles measuring 17 in make using this sock aid easy without the need for bending. Three grip levels on the handles accomodates different heights and hand sizes. Extra wide design of cone is ideal for people with edema or extra wide feet. Sock aid assembles easily and can be taken apart quickly for travel. Tested on hose up to 30-40 mmHg.

\$39.95

Lifestyle Extra Long Shoe Horn

Model: prt12044

The Extra Long Plastic Shoe Horn in Medium Blue or Dark Blue by Lifestyle Essentials prevents bending or stooping when putting on shoes. Won't snag socks or stockings. 24 inches long. Limited 6 Month Warranty.

\$21.95

Molded Stocking Aid

Model: rti2010

The Molded Stocking Aid by Lifestyle Essentials makes it possible to put on stockings without bending. Curved cut outs on the sides hold the sock while it is being pulled up the leg. Stocking aid holds the sock open and allows the user to easily pull the sock or stocking up with minimal effort. Limited 6 Month Warranty.

\$25.95

Plastic Shoehorn with Hook

Model: NC28590

This long, curved shoehorn is easy to hold and eliminates the need to bend over when putting on shoes. Designed to aid in pulling up socks. Shoehorn features a nylon loop for easy storage. Measures 16 long. Color may vary. Priced to fit every budget!

\$4.95

PocketDresser

Model: LS016

Don't struggle with buttons or zippers any longer. The PocketDresser[®] is a revolutionary aid that makes dressing an easy task for persons struggling with arthritis or some other hand impairment. Constructed of fully hardened 301 stainless steel with aircraft aluminum handles and a comfortable nylon strap, this dressing aid is the best available. Superior design, industrial quality, lightweight and reliable. This dressing tool has a large button hook that is sturdy enough to handle buttons on jeans, pants and coats; the small button hook and closed loop buttoner easily fastens shirt and cuff buttons. The zipper pick zips pants, sweatshirts and coats with little effort. All tools fit into neatly into the handle for easy storage and transport. Large triangular loops on each tool make them easy to open for use. This handy dressing aid is dishwasher safe and comes with a one year manufacturer's warranty. Give yourself or your loved one independence with dressing again. Handle available in red. Click to [View PocketDresser Demonstration Video](#)

\$19.95

Rigid Sock and Stocking Aid with Heel Guide

Model: LS115

This rigid sock aid is extra wide so it is ideal for people with edema or large feet. The sock aid has an indented channel on the inside that acts as a heel guide so the foot is kept in position as the stocking is put on. A piece of hook and loop fastener on the outside of the plastic shell holds the sock in place. This sturdy sock aid has a 35" loop strap that can be used with one hand.

\$28.95

Ring Zipper Pull

Model: NC28631

The Ring Zipper Pull allows people with arthritis or limited hand dexterity to hold onto zippers more easily. The zipper pull hooks onto regular zipper tabs. Ring measures 1" in diameter. Sold in package of three.

\$4.95

Shoe Remover

Model: NC24553

Ideal for people who have difficulty bending over to remove shoes. Made of sturdy plastic for durability. Position your shoe in the opening and slip your foot out as your other foot secures the shoe remover to the floor. Not recommended for persons who have had a total hip replacement.

\$20.95

Comfortprene Wrist Wrap

Model: PNC58604

The Comfortprene® wrist wrap provides support and compression to the wrist while allowing full thumb and finger motion. Wrist support is ideal for the treatment of arthritis, sprains, tendinitis and carpal tunnel syndrome. This arthritis product is made of 1/8" neoprene with a terry cloth liner that wicks away perspiration. Wide wrist strap supports the wrist and fastens with hook and loop closures. The wrist strap covers about one-third of the forearm. Hand or machine wash with mild soap and air dry. One size fits either left or right wrist. Available in beige, blue or black.

\$16.95

Finger Helper

Model: PLS142

The Finger Helper® has a narrow design to provide preferential strengthening of weaker fingers while excluding stronger fingers from the exercise process. Range of motion can be varied by insertion of a spacer peg attached to the frame. Hand exerciser includes a selection of color-coded elastic bands used to vary the resistance level. The narrow frame makes this hand exerciser ideal for persons with small hands or children requiring therapy. Assorted color-coded elastic latex-free bands sold separately in 3 oz. bag.

\$16.95

Hand Exerciser

Model: PNC52000

Strengthen your grip and increase hand strength with the Hand Exerciser. To use the hand exerciser, loop a rubber band around the top bar of the sliding finger grip for light resistance. As strength increases, attach additional rubber bands to increase resistance. The Deluxe Hand Exerciser provides additional adjustability. Two metal thumb screws can be tightened or loosened to change the length of pull. Adjust the hand exerciser to fit any hand size or desired range of use. Foam hand grip adds comfort. Both hand exercisers come complete with rubber bands. *see photos below.

\$9.95

Iso Hand Helper

Model: LS144

The Iso Hand Helper® provides an isometric workout for the hand and forearm muscles. The innovative design of this hand exerciser promotes isometric strength, range of motion and muscle coordination of the hand and forearm without involving muscle groups of the upper body. This hand exerciser consists of two rolling finger bars connected to a padded double-handled outer frame and sliding inner frame. The user creates the desired resistance level by pulling the inner sliding frame with the opposing hand. For early stage rehabilitation, this device promotes joint and soft tissue mobilization. After regaining normal hand function, the device provides increased levels of resistance for more advanced strengthening programs.

\$18.95

Isotoner Therapeutic Gloves

Model: PLS019-XS

The stretch fabric of these gloves provides gentle soft tissue compression to help control swelling. This compact hand held vibrator offers four options for a soothing massage. Vibrator has three natural rubber head attachments, a ball, spot and flat disc, that provide a targeted massage to a small area and a cap which can be used for larger muscle groups. Includes one size "C" battery.

\$21.95

Norco Neoprene Thumb Support

Model: PNC15952

The Norco Neoprene Thumb Support provides flexible support for painful wrist and thumb conditions such as tendinitis or arthritis. This wrist and thumb support is made of soft material that stretches and conforms for comfort and can be trimmed with scissors for a custom fit. This arthritis product is made of neoprene with a hook and loop strap. Hand wash in cool, soapy water and air dry. Latex free. One adjustable size fits most hands.

\$16.95

Pil-O-Splint

Model: PNC18101

These comfortable Pil-O-Splint wrist splints are designed for treating carpal tunnel syndrome, arthritis, tendinitis and stroke. Made of a soft, flannel-like material, these wrist splints promote warmth and circulation and the cushioned foam with rigid stays immobilize the hand, wrist and fingers to relieve pain in these areas. The extended length of this hand splint keeps fingers from moving making it ideal for use while sleeping. The palm rests on a small pillow while the hand and wrist remain in a neutral position. Both models fit either hand. The Standard model slides on and off easily and fits forearms with a circumference up to 12". The Wraparound model has a Vercro strap that can be adjusted to accommodate forearms of all sizes. Splint lengths are measured from the wrist to the forearm. Machine washable.

\$43.95

Protocold Cold Therapy Wraps

Model: PNC81042-01

These Protocold cold packs provide relief from muscle sprains and strains, joint pain, arthritis, post-surgical pain, sinus headaches, burns and sunburns. Safe and easy to use, these pads are condensation-free and will remain dry during treatment. These soft, flexible pads may be applied directly to the site of pain to provide timed-released cold recommended by doctors. Cold pads will not split, bunch or bottom out. Just place in freezer for two hours and apply to affected area for up to 30 minutes. Surface may be washed and disinfected. Non-toxic, latex free, non-gel matrix pad. Adjustable wrap to secure pad included. Standard Size (12 in x 16 in) - Use for back, hip and shoulder pain. Half Size (8 1/2 in x 12 in) - For pain in shoulder, back and legs. Small Size (4 1/2 in x 12 in) - Designed for use on knee, foot, ankle and wrist. Quarter Size (4 in x 8 in) - Use on elbow, wrist and ankle.

\$21.95

Rainbow Putty

Model: PNC98199-03

Rainbow Putty is used for developing hand muscle strength, increasing range of motion and reducing stiffness. As strength increases, gradually increase the resistance of the exercise putty. Assorted color-coded latex-free elastic bands are available separately in a 3 oz. bag.

\$15.95

Xtensor Hand Exerciser

Model: NC52014-BL

WINNER OF THE 2007 MEDICAL DESIGN EXCELLENCE AWARD FOR NEW REHABILITATION PRODUCT. The Xtensor is the most innovative device available to enhance hand performance in sports and on the job. This device is a uniquely designed tool used in the conditioning of the muscles and tendons that open the hand. Resistance training produces the best results for developing strength, but the finger extensor muscles and tendons rarely receive opportunities for exercise. When properly exercised the potential for improved performance is increased. This hand therapy aid can also be used in rehabilitation to decrease the effects of arthritis and other upper extremity disorders. The Xtensor provides relief for joint stiffness, tennis elbow, stroke recovery, Guyon's Syndrome, Corrective surgery, carpal tunnel, Dupuytren's Contracture. Used by dentist, surgeons, golfers, gamers, computer users, tennis players, pitchers, musicians or anyone who relies on their hand strength.

Model: HP102

The Lavender Eye Pillow is specifically designed for the relief of headaches. The herb of lavender has long been known for its relaxation properties. Use this herbal pack cold or hot to soothe a migraine or sinus headache. This herb pack can also be used to reduce puffiness around the eyes or to give relief for an earache. The heat pack measures 7 in by 4 in. To use as a cold pack, place the herb pack in a plastic bag and place in freezer. The herb pack can be kept in the freezer so that it is ready for headache or injury relief. Patterns may vary from those pictured.

\$11.95

Neck Pack

Model: HP103

This is our most popular herb pack because it works so well to relieve tension and sore muscles in the neck area. The aroma of the herbs helps to relieve stress and relax the whole body. The long lasting heat soothes the body and gives an overall sense of well being. This herbal pack can be used as a hot pack or a cold pack. To use as moist heat pack just sprinkle with water and heat in the microwave oven for about two minutes. To use as a cold pack, place the herb pack in a plastic bag and chill in the freezer. Patterns may vary from those pictured.

\$24.95

Shoulder Wrap

Model: HP110-2

This large herb pack lies comfortably across the shoulders to provide pain relief to the entire upper back. The herbal pack is divided into sections so the weight is evenly distributed. This heat pack is designed for people with fibromyalgia and upper back pain. This microwaveable heat pack is great for anyone who wants to warm the whole body. The hot/cold pack measures 18 in by 13 in with a neck cutout. To use as a cold pack, just place herb pack in plastic bag and chill in freezer. Patterns may vary from those pictured.

\$24.95

The Original BED BUDDY Body Wrap

Model: LS862

Incontinence Aids

CareBag Men's Urinal

Model: C7733993

The men's urinal is used to replace plastic urinals, eliminating the need for cleaning while still enabling measurement of diuresis and analysis. It is ideal when toilets are hard to reach: disabled people (wheelchair, bed ridden...) It is also recommended in hospitals, emergencies, isolated patients, urology, dialysis. The urinal is handy for use on long trips by children or truckdrivers. The CareBag men's urinal consists of an easy to close hermetic bag equipped with a GelMax superabsorbent pad. The active particles in the pad quickly solidify fluids and materials upon contact. Once sealed, the risk of spills, splashes and odors are significantly reduced. Each box contains 20 bags.

\$18.95

CareBag Vomit Bag

Model: C7733987

The Vomit Bag is used to replace plastic pans or buckets eliminating the need for cleaning. It is ideal for disabled people (wheelchair, bed ridden...) or patients suffering from stomach flu. It is also recommended for hospitals, emergencies, isolated patients, firemen, and ambulances. The Vomit Bag is handy for use on long trips by children or adults who are prone to motion sickness. The CareBag Vomit Bag consists of an easy to close hermetic bag equipped with a GelMax superabsorbent pad. The active particles in the pad quickly solidify fluids and materials upon contact. Once sealed, the risk of spills, splashes and odors are significantly reduced. Each box contains 20 bags.

Bag Opener with Magnet

Model: NC28282

This easy-to-use device is ideal for people who have weak wrists and cannot open sealed plastic bags. The bag opener has a sharp point which punctures and slits open the plastic bag. The attached magnet keeps the bag opener in a handy place, such as on the refrigerator door. Sold in package of three.

\$5.95

BlenderBottle

Model: PLS014

This innovative item is a must have for anyone who mixes protein shakes as a dietary supplement. The BlenderBottle® is a shaker bottle that has a surgical-grade stainless steel ball inside that easily breaks up powdered mixes and blends them into a great tasting shake. Now you can mix, pour and store - all in the same container. This sports bottle has a large drink/pour spout that has a lid that will stay open and not close on your nose. Gripperbars™ on the sides of the bottle make it easy to hold and embossed ounce and milliliter markings make measuring a snap! Easy to clean - dishwasher safe. Screw-on lid keeps liquid from spilling while shaking. Fits in most car drink holders. Use this shaker bottle for anything that needs blending such as nutrition shakes, salad dressings, pancake batter, yogurt smoothies, lump-free gravy, scramble eggs, pudding, etc. Great as a water bottle, too! Available in 20 or 28-ounce sizes. Assorted colors. Additional BlenderBottle Information (.pdf)

\$8.49

Covered Spoon

Model: LS117

This covered spoon is a great help to children or adults with tremors, limited coordination or weakness in the hand or arm. This unusual spoon has a lid that covers about 2/3 of the spoon bowl which helps to keep food on the utensil and reduce spillage. Can be used with liquids, semi-liquids and smaller foods such as corn, rice, peas, etc. This no spill spoon comes apart for cleaning and is top rack dishwasher safe. Sold in pack of 2.

\$5.95

Deluxe Suction Bottle Brush

Model: NC28222

This brush allows thorough washing with one hand. The two 6" (15 cm) long brushes feature stiff nylon bristles and screw into the rubber base. Suction base can be secured easily to the bottom or side of the sink. Dishwasher safe.

\$23.95

Dycem Nonslip Bottle Cap Opener

Model: NC28202-1

This opener provides a soft, sure grip on hard-to-open caps on bottles and medicine containers. Wash opener in soapy water to retain tackiness. This opener is small in size which makes it ideal to open any small bottle.

\$6.95

Dycem Nonslip Jar Opener

Model: NC28202

\$8.95

Fit & Fresh Breakfast Chiller

Model: LS549

The Fit & Fresh® Breakfast Chiller is a great way to take a healthy breakfast with you each morning. This handy container stacks like a pyramid. The bottom bowl (.75 cup) holds a generous serving of fruit or other breakfast favorite. Inside this bowl snaps the ice ring which surrounds a water resistant inner cup designed to hold 1 cup of milk. The ice ring keeps your milk and fruit cold. The dry storage bowl on top keeps 1.5 cups of your favorite cereal dry and fresh. Finally, on top is our unique foldable spoon that snaps into the lid ready for use. Bowls are top rack dishwasher safe. The ice pack is not dishwasher or microwave safe.

\$9.95

Fit & Fresh Fruit & Veggie Bowl

Model: LS571

Diabetics and dieters find that eating six small meals per day helps to maintain more constant blood sugar levels. The Fit & Fresh Fruit & Veggie Bowl® is ideal for storing those midmeal snacks. The handy plastic storage container has a convenient built-in ice pack that is designed to keep food chilled and fresh for up to 6 hours. Three separate compartments separate your snack time treats. Center compartment has a lid and is perfect for storing yogurt, cottage cheese or dip. Great for portion control. Plastic bowl is top rack dishwasher safe except for the ice pack. Food can be frozen and microwaved right in the bowl. Ice pack should be removed before heating. Lunch case measures 7 1/2" in diameter. Bowl is clear with orange lids.

\$9.95

Fit & Fresh Healthy Food Combo Pack

Model: LS560

The Healthy Food Combo Pack offers flexibility in planning your lunch menu. If you can't decide whether to have a sandwich or salad, you can take both. The Healthy Food Combo Pack includes a Lunch on the Go container to hold your sandwich and a Salad Shaker with separate dressing dispenser. Both plastic food containers include a removable ice pack to keep food fresh and chilled until mealtime. In addition, you'll receive a free Chilled Shaker cup so that you can take your favorite protein drink or beverage with you on the go. All Fit & Fresh products are easy to clean, freezer, microwave and top rack dishwasher safe (excluding ice packs). Do not microwave the ice packs. These food storage containers meet FDA regulations for food grade plastic.

\$22.95

Fit & Fresh Healthy Food Snacker

Model: LS558

The Fit & Fresh Healthy Food Snacker is ideal to take along salads, fruits or vegetables for snacking. Use the entire container for your snack or divide it into two parts. When divided, the bottom part holds 2 cups of your favorite snack and the top part has a removable plastic food container that is designed to hold 1 cup of whatever dip, dressing or yogurt you like. An ice pack snaps onto the bottom of the removable container to keep your snack chilled and fresh. The entire food snacker unit easily clips onto your backpack, purse or gym bag for easy transport. The Healthy Food Snacker is top rack dishwasher safe, except for the ice pack and clip. This snack container aids in portion size control as well as safe food storage.

\$6.95

Fit & Fresh Healthy Lunch Combo Pack

Model: LS562

The Healthy Lunch Combo Pack includes a salad container, sandwich container, water bottle and insulated tote - everything that you need to pack a variety of delicious foods for lunch. The Salad POD holds up to 2 1/2 cups of lettuce and 2 tbsp of dressing. A removable ice pack clips into the lid to keep food fresh, while the unique dressing dispenser keeps your dressing separate from the salad. If you don't want salad, then use this container to hold fruit or leftovers and the dressing dispenser for dip or condiments. The Lunch POD is a convenient way to take a healthy sandwich, entree or snack with you. The removable ice pack in the lid will help keep everything fresh and chilled. Stay hydrated with the 26oz water bottle that is included with this pack. The Insulated Chiller Bag works to keep everything cool until mealtime. All Fit & Fresh products are BPA (bisphenol A) free, easy to clean, freezer, microwave and top rack dishwasher safe (except for the ice packs). Do not microwave the ice packs. All these products meet FDA regulations for food grade plastic and liquid contents are non-toxic.

\$24.95

Fit & Fresh Liv Pure Filtered Water Bottle

Model: PLS521

Enjoy the taste of bottled water anywhere. Use the Fit & Fresh[®]; Liv Pure[®]; Filtered Water Bottle instead of buying expensive bottled water everyday. Each filter purifies more than 75 gallons of water. Bottle reduces chlorine by more than 50% making ordinary tap water taste great. Filters your water just before you drink it. Anti-Microbial filter continuously inhibits the growth of common bacteria. Water bottle is ergonomic in shape and has a large easy open spout. Bottle holds 20 oz. of water. Extra filters sold separately.

\$9.95

Fit & Fresh Lunch on the Go

Model: LS570

The Fit & Fresh[®]; Lunch on the Go makes taking along healthy food easy. The large compartment is big enough to hold a sandwich, salad or last night's leftovers. Two smaller compartments with lids are perfect for sides, condiments or for storing cold cuts separately. An ice pack divider keeps everything cold for up to 6 hours. Portion sizes are controlled easily with this attractive lunch case. Great for those who do not have access to a refrigerator to keep their lunch cold. Lunch container measures 5 1/4" x 7 1/4" x 4". Lunch case is made of clear plastic with lavender lids. All parts are top rack dishwasher safe except for the ice pack. Food can be frozen and microwaved in this versatile lunch box. Great for kids lunches at school. Contains: 1 Large Bowl - 22 fl oz with large lid, 2 Small Bowls - 10 fl oz each with lids, 1 ice pack

\$9.95

Fit & Fresh Lunch on the Go Set

Model: LS570-1

The Lunch on the Go Set is all you need to pack a nutritious lunch. Lunch set includes a bottom compartment to hold a sandwich, salad, entree or last night's leftovers. Two 1-cup side containers to hold your favorite sides and snacks. Use the set without the two side containers and it can hold up to 8 cups of food. Removable ice pack clips into the lid which can be used as a plate. Lunch container is easy to clean, top rack dishwasher safe, and can be frozen or microwaved. Note: ice pack is not dishwasher or microwave safe. Meets FDA regulations for food grade plastic. Color of set may vary from picture. Other color available is green. Measures 7 1/4" l x 5 1/4" w x 4 5/8" h.

\$9.95

Fit & Fresh Lunch POD

Model: LS533

The Lunch POD is a convenient way to take a healthy sandwich entree or snack with you. The compact size allows you to pack this container in almost any lunchbox, bag, or briefcase. Top cover provides a tight seal to keep food fresh. Removable ice pack snaps into the lid to keep food fresh and chilled until you're ready to eat. Bottom compartment holds up to 2.65 cups of food. Easy to clean, freezer, microwave and top rack dishwasher safe, except for the ice pack. Do not microwave the ice pack. Meets FDA regulations for food grade plastic. Measures 5 5/8" l x 5 3/8" w x 2 3/8" h.

\$6.95

Fit & Fresh Salad POD

Model: LS532

The Salad POD holds just the right portion of lettuce and easily fits into any lunchbox, bag or briefcase. The unique dressing dispenser in the lid keeps your dressing separate from the salad so your lettuce will not be soggy by lunchtime. Salad bowl holds up to 2 1/2 cups of salad. Removable ice pack snaps into the top lid, keeping salad fresh and cool. Dressing dispenser holds up to 2 tbsp. of dressing. Easy to clean, freezer, microwave and top rack dishwasher safe except for the ice pack. Do not microwave the ice pack. Meets FDA regulation for food grade plastic. Measures 5 1/4" in diameter, 3" h.

\$6.59

Fit & Fresh Salad Shaker

Model: LS572-1

The Salad Shaker offers a little more flexibility for lunch than the original salad shaker. The salad bowl holds up to 6 cups of salad or your favorite food or 4 cups when dispenser tray is used. Dressing dispenser keeps up to 4 tbsp. of your favorite dressing separate from your salad. Removable ice pack clips to the underside of the dressing dispenser tray or into the lid. Easy to clean, freezer, microwave and top rack dishwasher safe except for the ice pack. Do not microwave the ice pack. Meets FDA regulation for food grade plastic. Measures 5 5/8" l x 5 5/8" w x 5" h.

\$9.95

Fit & Fresh Smart Portion Prep and Pack Tray

Model: LS542

After food preparation, fill these handy containers and place them into the tray. Place the tray in the refrigerator. Now all your healthy snacks and ingredients for the week are organized and ready for use in lunch containers or for meals. This food storage system includes three 2-cup containers, two 1-cup containers and two half-cup containers. The 1-cup and half-cup containers can be used in the Deluxe Lunch Chiller, sold separately. Use with the Smart Portion Prep Center.

\$15.95

Fit & Fresh Vortex Hydrator

Model: LS565

This 24 oz cup can be used as a shaker cup, water bottle or drink chiller. Measures in both ounces and milliliters. Textured side grips on both sides of the bottle allow for easy handling. Fits into most cup holders in the car or at the gym. Large sturdy spout stays open while drinking. Lid is treated with Agion to protect against the growth of mold and mildew.

Atmospheric Assist Valve allows for easy liquid flow while drinking - no vacuum effect. Removable ice wand keeps drink chilled. Vortex agitator's customized design blends powders into a smooth mix. Easy to clean, freezer, microwave and top rack dishwasher safe, except for ice wand. Do not microwave ice wand. Meets FDA regulations for food grade plastic.

Assorted colors.

\$6.95

Geri Bib

Model: LS99GB

This adult bib makes mealtimes easier because it is designed to be draped over a Geri-chair with attached tray. Special Velcro closure allows bib to be secured to tray so food can be placed directly onto bib. This practice prevents liquids and food from falling between the armrests and seat cushion of the chair. This extra large bib measures 38" L x 30" W and can completely cover the chest and lap area of an adult. Made of a durable poly/cotton blend and lined with 100% waterproof vinyl to keep the person clean and dry. Machine wash and dry. Features a stainless steel closure. Available in assorted

Unisex colors. Made in USA.

\$14.95

Good Grips Cheese Plane

Model: NC65611

This Good Grips® Cheese Plane has a soft comfortable handle that makes slicing cheese an easy task. Thin even slices are obtained by pulling the cheese plane across the block of cheese. This cheese cutter fits easily into the hand and is ideal for people who have arthritis or weak grasp. Dishwasher safe.

\$12.95

Good Grips Jar Opener

Model: NC28199

The Good Grips® Jar Opener has a soft, rubber-like handle that provides a handy nonslip grip for easy opening of twist-off lids. Two metal grip strips open lids ranging from ½" to 3 ¾". The jar opener is dishwasher safe.

\$11.95

Good Grips Knives

Model: PNC65601

All three of these kitchen knives have the Good Grips soft, rubber-like handle that is comfortable and easy to grasp. The roller knife is easy to use by people who have the use of only one hand. This rolling knife is great for cutting pizza as well as meat and vegetables. The utility knife or paring knife has a 5 in. long stainless steel blade. The slicer knife has an 8 in. long stainless steel blade. Dishwasher safe.

\$10.95

Good Grips Peelers

Model: PNC28219

These two Good Grips® Peelers feature soft, built-up handles that won't slip out of your hand while peeling vegetables, even when wet. The Swivel Peeler swivels for easy peeling and requires little wrist movement. The Y Peeler also swivels, but requires more wrist and arm movement. Both peelers have stainless steel blades and potato eye removers. Dishwasher safe.

\$10.95

Good Grips Utensils

Model: PNC65591

The large, easy-to-hold Good Grips handles on these eating utensils are made of a soft, rubber-like material that is comfortable to hold and adapts to any grip. The metal shaft on each stainless steel spoon and fork allows it to be bent to any angle. The rocker knife uses an easy rocking motion and minimal arm strength for cutting. The rocker knife is also available with a serrated blade. The souper spoon has a raised lip that helps to keep liquids and food the spoon. These kitchen utensils can be used with either the right or left hand.

These unique kitchen utensils are ideal for people who have arthritis, weak grip or limited arm movement due to stroke. The eating utensils are sold individually. Dishwasher safe.

\$10.95

Good Grips Weighted Utensils

Model: PNC65560

These eating utensils are similar to regular Good Grips utensils in that they all have the soft, rubber-like built up handle. The weighted spoons and fork bend for use with the right to left hand. The weighted rocker knife uses a rocking motion to cut food and requires little arm strength. The weighted Souper Spoon has the 1/8 in lip that keeps food on the spoon while eating. These weighted eating utensils feature a 6 oz. weight in the easy to grip handle that provides more control while eating. Ideal for people with Parkinson's disease, limited hand control or spasticity. Dishwasher safe. Sold individually.

\$12.95

Goodie Strap

Model: PNC35342

This expandable elastic strap is helpful to persons with limited grasp. This eating aid attaches easily to any Good Grips utensil or other utensil with built up handle. Just attach the strap to the utensil and slip the hand through the loop. The utensil is then held securely in the hand. Standard size fits most adult hands. Pediatric strap fits the Good Grips Pediatric Spoon. Both straps are machine washable and air dry.

\$4.95

GripWare High-Sided Dish

Model: PNC35225

The GripWare[®] High-Sided dish features nonskid feet on bottom that keeps dish in place while eating. Anyone who has limited flexibility or motor coordination due to a stroke or other neurological disorder will benefit from this plate. This dish comes in two styles, both made of melamine. The Regular dish has the same side height, 1 1/4", around the entire circumference of the dish. The Cutout Edge dish had a tapered side that slopes to 1/2". Dishes have a diameter of 7 3/4" and are ideal for use with one hand. Dishwasher safe. Melamine dishes should not be used in the microwave.

\$9.95

GripWare Partitioned Scoop Dish

Model: NC35699

The GripWare partitioned scoop dish has nonskid feet that keep it in place while eating. The 3/4 in high dividers keep food separated while eating and allow food to be scooped easily onto utensils. The partitioned dish diameter is 8 3/4 in and has one 8 fl. oz. section and two 4 fl. oz. sections. Plate is dishwasher safe. Made of Melamine and should not be microwaved.

\$8.95

GripWare Round Scoop Dish

Model: PNC32514

The GripWare Round Scoop Dish features nonskid feet on bottom that keeps the dish in place while eating. The low front and high back design aids people who have difficulty eating or who are using only one hand. The scoop dish is available in plastic or durable melamine. The round scoop dish is 8 in in diameter. Both scoop dishes are dishwasher safe. The melamine dish should not be microwaved.

\$6.95

GripWare Scoop Dish

Model: NC39252

The GripWare Scoop Dish features nonskid feet on bottom that keeps dish in place while eating. It is made of heavy-duty melamine and has a groove in the lip for utensils. Scoop dish is 9" in diameter and is dishwasher safe. Melamine dishes should not be microwaved.

\$15.95

Hand-to-Hand Mug with lid

Model: PLS118

The contoured shape of this oversized mug makes it easy and comfortable to grip with one or two hands. Double-wall design protects hands from heat and cold while retaining the temperature inside. Holds 10 oz. The Hand-to-Hand mug is very lightweight although it looks like a sturdy ceramic mug. Large handle makes it easy to grasp. Top rack dishwasher and microwave safe (mug only). Plastic lid included. Extra lids available separately.

\$18.95

JarPop!

Model: NC26781

JarPop! is a unique jar opener that easily opens tight, vacuum-sealed jars. No twisting or turning is necessary—simply lift up and pop to release vacuum pressure and free the lid. Jar opener fits easily in the hand. Lids remain resealable.

Model: PLS422-4

KEatery Weighted Weighted Eating Utensils offer elegant styling for discreet dining. Designed to look like quality, everyday dinnerware. Weighted utensils help steady your hand while eating. Handle size with finger indentation provides a comfortable, ergonomic grasp. The soup spoon has a recessed edge and a slightly deeper bowl to assist in preventing spilling. High polished 18/0 stainless steel. Each utensil weighs approximately 7.2 ounces. Sold individually or as a set. Dishwasher safe.

\$49.95

Keep-Warm Dish

Model: F74521-1000

Fill the chamber with hot water to keep food warm. For people who need a bit more time than usual to finish a meal, this dish assures that food will be warm, right to the last spoonfull. Just open the port and fill the chamber with hot water. Weighs 2 lb. when filled with water and holds 22 oz. of food. Measures 2 inches high by 8 inches diameter. Includes plastic funnel for filling the water chamber. Top rack dishwasher safe. Do not microwave.

\$25.95

Knork Flatware

Model: LS031

The Knork® is an innovative new eating utensil designed to simplify dining for those with special needs as well as others who just want the convenience of having one utensil do the work of two. Knork® Flatware serves as a fork for eating, but also as a knife to easily cut food with a simple rocking motion. The outer beveled tines provide highly effective cutting without being sharp, making them safe for children, seniors, persons having motor skill disabilities, persons having the use of only one hand or any circumstance where the use of a fork and knife are impossible. In these situations the enlarged handle allows for easy gripping and is balanced to aid in use. The finger platform has a greater surface area that provides more comfort with less effort while cutting food. Made of high quality 100 % forged stainless steel for strength and durability. This eating utensil is great for everyday use and to foster independent eating. Gloss Finish. Dishwasher safe. Limited Lifetime Warranty.

\$7.95

Knork Plastic Flatware

Model: LS032

The plastic Knork® Flatware has all the features of the stainless steel Knork® with the added benefit of mobility. This plastic utensil eliminates the need for two separate utensils while on the road or at home. This unique utensil is a fork, but is able to cut food with a simple rocking motion. Take this plastic utensil to work, travel, picnics, tail-gate parties, camping, hunting and fishing. The red color of this handy utensil may benefit alzheimer's patients who have difficulty distinguishing food colors while eating. This eating utensil is lighter than the stainless steel Knork® Flatware which may benefit some persons with limited hand strength or young children. Dishwasher Safe. Package of Four (4).

\$2.95

Lifestyle Kennedy Cup

Model: rt13516

The Lifestyle Essential's Kennedy Cup with Blue Color is spill proof drinking cup that eliminates messy spills and increases confidence. Has easy grip handle, sturdy screw on lid and uses disposable straws. Cup holds 7 ounces of hot or cold liquid and is dishwasher safe. Will not spill, even when upside down. Comes in blue only. Limited 6 Month Warranty.

\$10.95

Long Handled Mug

Model: NC36155

This mug is made of clear polycarbonate and has one handle. It comes with two lids to accommodate various drinking needs. Both the feeding spout lid and anti-splash lid have holes for straws. The long handled mug holds 10 fl. oz. and is dishwasher and microwave safe. Wash lids in warm, soapy water.

\$10.95

Maddox Professional Helper Knife

Model: LS039

The Maddox Professional Helper Knife features a vertical design that multiplies force to make one handed cutting easier. Straight downward pressure with a gentle rocking motion makes food preparation fast and efficient. The Maddox knife has a 440 stainless steel blade that maintains a sharp edge and a high tech G10 handle that provides a good grip when oily or wet. This knife's attractive design will compliment any table whether at home or at a restaurant. Convenient snap-on polymer sheath makes blade protection easy for storage or travel. Dishwasher safe.

\$34.95

Maple Cutting Board

Model: PNC28503

This solid maple cutting board has a smooth finish and rubber feet on bottom to hold it securely in place while in use. Stainless steel nails on the cutting board hold food in place for cutting with one hand. Corner guards on the wooden cutting board keep food from slipping off. Cutting board measures 11 in square and 1 in thick. Shown with Rocking T knife. The Rocking T knife cuts food with a rocking motion. Comfortable wooden handle is shaped to fit the hand. The safety edge, stainless steel blade measures 4 1/2 in and may be sharpened with a knife sharpener. Use at mealtime or for food preparation. Dishwasher safe.

\$22.95

Meal Measure Portion Control Plate

The Portion control tool that works on your plate! No more pre-measuring or guessing if your portions are the right size! Super easy to use and clean. Matches myplate.gov guidelines for healthy portions. Portion control is one of the best ways to fight obesity and the Meal Measure is the best way to control portions. the Meal Measure was created by a working mom, a former lunch room attendant who is passionate about using portion control for a healthier diet. Easy to use Measures your foods right on your plate Fits most dinner plates Cavities are labeled vegetable or fruit, starch and protein Each cavity is one cup at the top with a one-half cup line inside Protein portion is equal to the size of a deck of cards Follows the USDA MyPlate serving sizes Top-rack dishwasher safe

\$14.95

Meat Cutter Knife

Model: NC28242

The Meat Cutter Knife has a wooden handle and a 4-1/4" long, stainless steel blade. This knife is ideal for people who have limited hand control or the use of only one hand. A simple rocking motion is used to cut food. Large, wooden handle fits easily in the hand. Knife weighs only 1 1/2 oz. Dishwasher safe.
\$6.95

Mug with Lid and Handles

Model: PNC36270

This clear plastic mug has two large handles that are easy to hold and a broad base that prevents spills. This plastic mug with handles can be used with or without a lid. The lid controls the flow of liquid for people who have difficulty drinking. The mug with lid holds 10 fl. oz. and is dishwasher and microwave safe.
\$10.95

Mug with Lid and Handles Weighted

Model: NC36271

This clear plastic mug may be used with or without the included lid. The lid spout directs and controls the flow of liquid while drinking. The two large handles are easy to hold and the wide weighted base prevents accidental tipping. The extra weight in the base of this mug is ideal for persons with tremors. The mug holds 10 fl oz. and is top rack dishwasher safe.
\$16.95

Norco Universal Quad Cuff

Model: NC35350

The Universal Cuff provides a secure grasp on items of various handle shapes and sizes. The cuff is made of textured, cushioned foam and is fastened by use of a strap and "D" ring. A piece of cylindrical foam pads the palm of the hand. It is ideal for persons with limited hand function. The elastic strap on the cuff can be adjusted to fit a variety of different-sized handles. This utensil holder will securely hold items such as silverware, pens, pencils, brushes, and combs. One size fits all.

\$12.95

Nose Cut-Out Cup

Model: PNC35273-08

This cut-out cup is ideal for people cannot tilt their head back due to neck injuries or choking. Useful for children with cerebral palsy. The 2 7/8 in wide cut-out fits comfortably around the nose while drinking. This nose cut-out cup is made of unbreakable plastic and holds 8 fl. oz. of liquid. Plastic cup is dishwasher and microwave safe. This nose cut-out tumbler is available in nonflexible blue or beige and flexible green clear.

\$4.95

Pan Holder

Model: NC28221

This handy holding tool enables pans to be stirred with one hand and guards against spills. The pan holder consists of a wire frame that is covered with epoxy to prevent scratches to stoves and pans. The pan holder has suction-cup feet that hold the pan on the stove while in use. This kitchen aid works best on electric stoves.

\$10.95

Plastic Holder Quart

Model: LS2929-1

This handy plastic holder is ideal for persons who have arthritis or weak grip and have difficulty holding a quart size beverage container. This plastic holder has a sturdy easy grip handle that makes pouring easier.

\$4.95

Redware Tableware

Model: LS119

Redware Tableware® Tableware is designed for use with people who have Alzheimer's. 40% of all Alzheimer's patients experience significant weight loss due in part to their inability to distinguish contrast between colors. They simply cannot see light colored foods on typically light colored tableware. Researchers have shown that food intake was increased by 24% and liquid intake by 84% when these items were offered to the patients on tableware that offered high contrast such as bright red or bright blue. This set of red tableware includes one partitioned scoop dish with lid, one Inner-Lip® plate, one easy to hold drinking cup, and one each easy grip fork and spoon. The plates are designed to foster independent eating by helping to keep the food on the plate. The fork and spoon have built up handles that allow for easy gripping.

\$40.95

Rocking T Knife

Model: NC28237

The Rocking T Knife is a unique cutting tool that helps people with limited grasp or those who have the use of only one hand maintain independence in the kitchen. The Rocking knife can be used for dining or for food preparation. The mechanical advantage of this unique knife is that the pressure is applied from directly above the object to be cut, so less strength and dexterity are needed by the user. When using the Rockng T Knife, meat and other foods do not shift or move around the plate. The curved, single-edged stainless steel blade easily cuts food with a rocking motion. The blade measures 4 1/2 in long and can be sharpened like any other kitchen knife. The hardwood handle is easy to grip. Dishwasher safe. This knife has been tested in hospitals and in homes and is preferred to the traditonal rocker knife. Proudly made in the USA.

\$22.95

Stainless Steel Food Guard

Model: NC35241-2

This high-grade stainless steel food guard is very durable and lasts for years. Using three clips, the food guard attaches snugly to plates and allows food to be scooped up against it while eating. The food guard stays firmly in place and does not allow food to slip off. This is an ideal product to promote independent eating. The food guard can be easily attached with one hand. Fits most plates 8" to 10" in diameter. Dishwasher safe.

\$16.95

StrongBoy 2 Handheld Jar Opener

Model: Z20780

The StrongBoy2 jar opener by Zyliss is easy to use and adjustable to fit most jar sizes. The strong rubberized band can be extended to fit around the lid of the jar and then tightened to provide a snug fit. With an easy lever motion of the long handle, the jar lid is easily opened. This jar opener is very helpful for people with arthritis or weak grip.

\$15.95

SureFit Clear Food Guard

Model: NC35244

Made of attractive, clear polycarbonate plastic, this SureFit[®] food guard can be used both at home and at restaurants. The sturdy food guard fits snugly onto a dish and allows people who have difficulty eating to scoop food up against it. The ends of the clear food guard are tapered to allow for easy utensil use. This plastic food guard can be attached quickly and easily even by the use of only one hand. Fits plates from 8 ½" to 10" in diameter. Top rack dishwasher safe.

\$8.95

SureFit Plastic Food Guard

Model: NC35213

The economical SureFit[®] food guard has a contoured edge to help keep food on the plate. This strong, white plastic guard hugs the rim of a dish for a secure fit. Guard measures 1 1/4" high and will fit a 10 3/4" diameter plate. Easy to put on and remove. Ideal for one handed use. Microwave and top rack dishwasher safe.

\$7.95

Swedish Bread and All Purpose Knife

Model: NC28238

This ergonomically designed knife relieves the strain on the wrist and fingers for those persons with arthritis or tendinitis. Use for all cutting needs in the kitchen. The stainless steel blade measures 6 1/2" long and weighs 5 1/2 oz. Household dishwasher safe. Made in Sweden.

\$29.95

Swedish Cutting Board

Model: NC28502

This specially designed Swedish cutting board is ideal for people who have the use of only one hand due to stroke or some other neurological impairment. Stainless steel spikes hold food for cutting or slicing. Plastic cutting board features a vice to hold larger food items, jars or mixing bowls. White plastic board measures 12 in x 11 in and has rubber suction feet on bottom to hold cutting board in place while cutting.

\$69.95

Terry Cloth Bib / Terry Cloth Vinyl Bib

Model: PNC35403

These two adult bibs help to make mealtimes neater. The Terry Cloth Bib is made of 90% cotton/10% polyester with reinforced cotton binding and measures 18" x 30". The Terry Cloth Vinyl Bib is reversible with terry cloth on one side and soft vinyl on the other. It measures 18" x 27". The neck opening on both large bibs fasten with hook and loop closures. Both bibs are machine washable.

\$10.95

The E-Z Grip

Model: LS149

This lightweight gripping tool adjusts to 13 different widths to help people open containers and grasp hard to hold objects. Some of the many uses include: pulling electric plugs, opening childproof caps, turning household appliances knobs, twisting tops off of bottles and tubes and squeezing tubes of toothpaste. This gripping tool is made of lightweight, durable plastic with textured rubber jaws that open to 3" wide.

Designed for people with arthritis or weak grasp.

\$10.95

Thumbs Up Cup with Lid

Model: PLS113

Two thumb rests make this cup very easy to hold for people with arthritis, decreased grip strength, wrist pain, or any condition where the wrist needs to be kept in a neutral position. Double-welled design keeps liquids hot or cold longer while the outside of the cup stays comfortable to the touch. The thumbs up cup holds 8 fl. oz. leaving 1" of space above the liquid to reduce spillage for persons with tremors. This handy cup is top rack dishwasher and microwave safe.

\$16.95

Toss and Chop

Model: NC24013

The Toss & Chop is an innovative, one hand-operated kitchen tool that is designed to chop and process food in a bowl, making food preparation faster, simpler and neater. This kitchen utensil will allow you to quickly chop salads, vegetables and a wide variety of other foods directly in the prep bowl which eliminates messy cleanup. Ergonomic soft grip handle is spring loaded for easy use. High quality stainless steel blades with micro-serrated edges never need sharpening. Handy latch keeps blades closed for safe storage. Dishwasher top rack safe. Lifetime manufacturer's warranty.

\$26.95

Waterproof Cutting Board

Model: NC28505

This waterproof cutting board is ideal for persons who only have the use of one hand. Made of durable, polyethylene, this cutting board has two food guards to prevent food from sliding off the edges and two aluminum spikes to hold food secure while cutting. This kitchen cutting board has rounded edges and is easy to clean. Four rubber suction feet anchor the board securely to the working surface. This cutting board measures 11" square and weighs 2 lbs. Dishwasher safe.

\$49.95

Zim Jar Opener

Model: PNC28211

This jar opener opens or closes all types of jars or bottles with an easy twisting motion. This handy kitchen aid measures 5 in x 6 in. This jar opener can be mounted to a wall or under a counter with the provided screws. This jar opener is ideal for people with limited hand strength or for those who have the use of only one hand. The Wall-Mounted model has a white enamel finish; the Under Counter model is made of sturdy, nickel-plated steel.

\$16.95

Leg Lifter

Model: NC94301

Use this handy mobility aid to raise or lower your legs from the bed or wheelchair. This leg lifter is great for people who have had a total hip replacement or have limited use of their legs. The foothold strap and the 26 in long aluminum rod are covered with webbing to provide comfort during use. The leg lifter allows a person to lift a leg without bending over.

\$14.95

Leg Loop Leg Lift

Model: LS70417

This handy tool helps people with limited lower extremity strength reposition and lift the leg and foot onto a wheelchair footrest, bed or into a car. Foot loop constricts when the hand strap is pulled and firmly holds the foot reducing the risk of it slipping out and causing injury. Rigid middle section allows for easy maneuverability. Made of 1 in wide high strength nylon webbing. Leg lifter measures 36 in in length.

\$14.95

Leg-Up Leg Lifter

Model: HA0975

Leg elevation supports the benefits of compression therapy, but for some of us this can be difficult to achieve, whether sitting in a chair or getting in and out of bed. Strength, sitting balance and dexterity are key. Avoiding bending down to lift the leg, or not having the strength to hold onto clothing to raise the leg, can be overcome using the simple Leg-Up. Invaluable way to help improve blood flow into your legs by lifting and lowering your limbs manually. Comfortable, wide padded handle can be used singly or with both hands, in the hand or on the wrist. Extra wide opening of the bottom loop makes it easier to get foot in and accommodate those wearing a cast. Measures 32 in.

\$22.95

Lever Extender For Reclining Chair

Model: LS940

Make the handle of your favorite reclining chair easier to adjust with the aid of the Lever Extender. Four sturdy bolts attach the Lever Extender to the handle of your recliner. Features heavy-duty steel construction and a padded design that protects the chair handle from scratches. Neutral black color matches any decor.

\$24.95

Lift Walker

Model: 10277LW

The LiftWalker comes with two retractable poles that function as a stand assist aid, providing safety for care givers and safe independence for the patient. Medical studies have overwhelmingly proven that the effect of manual lifting often results in injuries to both the caregiver and the patient. The LiftWalker allows the patient to pull themselves up by holding both poles and having the caregiver steady the walker itself. The patient then has the ability to lift their own body weight without the strain of pulling and tugging from the caregiver, which often causes harm to both parties. LiftWalker is simply an adaptive device that allows patients to remain, as independent as possible, with a greater quality of life by promoting dignity and stimulation. No matter what the circumstances residents need to safely stand up and ambulate as much as possible, the innovative LiftWalker will provide convenient safe assisted independence, anywhere and anytime. Width (inside hand grip): 19" Width (inside back legs): 21.5" Overall Width: 25" Depth (opened at base): 22.5" Height (highest setting): 39.5" Height (lowest setting): 33.5" Weight: 11 lbs Weight Limit: 300 lbs

\$153.95

Model: p10406

This walking crutch by Drive Medical provides added safety and durability. Each crutch is manufactured with steel to ensure additional strength on weight-bearing areas. Extra thick (latex free) underarm pads and hand grips provide maximum comfort when in use. Tool free push-button adjustment allows the height of the underarm pad to be easily adjusted in 1 in increments. Hand grips adjust separately without tools to ensure a proper fit. Available in adult which fits heights of 5 ft 2 in to 5 ft 10 in. and tall which fits heights of 5 ft. 10 in to 6 ft 6 in. Both can withstand a weight capacity of 500 lbs. and is protected by a limited lifetime warranty.

\$124.95

Drive Euro Style Light Weight Forearm Walking Crutches

Model: P10410

The Euro Style lightweight aluminum forearm crutch by Drive Medical adds style compared to traditional forearm crutches. The design features a one piece molded forearm cuff and hand grip assembly which can be height adjusted in 1 in increments to allow for personal comfort and sizing. Fits heights of 5 ft to 6 ft 2 in. At 1.5 lbs. each, this crutch is lighter than traditional style forearm crutches. The crutch can withstand a weight capacity of 300 lbs. and is protected by a limited lifetime warranty.

\$48.95

Drive Foam Grip Offset Handle Walking Cane

Model: Prtl10306

With three attractive colors and a soft foam grip, this deluxe cane with offset handle by Drive Medical is stylish, comfortable and functional. As an added bonus, a handy wrist strap attached to the handgrip will ensure that you are always in reach of your cane when you need it. The handle is ergonomically designed to reduce hand pressure allowing for increased stability, while the foam grip ensures added comfort. The handle adjusts from 28 1/2 in to 38 1/2 in in height and locks securely thanks to a metal lock-nut silencer. The sturdy, 1 in diameter anodized, extruded aluminum tube construction can withstand a 300 pound weight capacity. The product is protected by a limited lifetime warranty and comes available in three stylish colors: black, bronze and silver.

Folding Blind Cane with Wrist Strap

Model: 10352-1

This blind folding cane by Drive Medical is great for individuals on the go. With 4-section aluminum construction this cane is light weight and folds easily for storage when not in use. The shaft is covered in a reflective white and red color able to increase visibility. The product comes standard with a reinforced nylon tip and wrist strap ensuring the cane is always with in reach. The cane can withstand a weight capacity of 300 lbs. and is protected by a limited lifetime warranty.

\$34.95

Impact Reducing Able Tripod Cane Tip

Model: 10349

This deluxe impact-reducing Able Tripod cane tip makes your cane stand on its own. It replaces your existing cane tip to provide added balance and stability on almost any surface, and fits with either a right or left-handed base. The tip flexes as you walk to reduce impact on the hand and wrist. It is not only easy to use on stairs but provides you greater traction on various surfaces, like grass, gravel or even sand. The tip fits most manufacturers 3/4 in cane tips.

\$33.95

Ingrid Cane/Crutch Holder

Model: LS175

The Ingrid Cane or Crutch Holder was developed in 1998 following consultation with Swedish experts in design and steel manufacturing, resulting in a unique combination of elegance and function. Because this holder has both a hook and a prop, the holder lets you hang your cane or crutch on chairs, shopping carats, tables, countertops, etc. The Ingrid Cane Holder has a simple snap-on fitting and may be attached by users with reduced muscular strength. The holder is made of high quality thermoplastic rubber (Santoprene) and has a stainless steel spring specifically designed to secure placement on the cane or crutch. Fits cane shaft size of 3/4 - 1 in and weighs less than 1 oz. This cane holder is built to last.

\$14.95

Ingrid Cane/Crutch Tip with Retractable Spike

Model: LS174

The Ingrid Cane or Crutch Tip with Retractable Spike provides a firm grip on snow, ice and most other outdoor surfaces. Spike easily retracts for use during summer months or while indoors. Retracted spike will not damage floors. Designed and manufactured in Sweden, this tip made of high quality polyurethane provides an excellent grip both indoors and outdoors. The tread pattern at the bottom of the tip does not wear as quickly as a conventional tip. Inside the tip is a rust proof zink-plated washer that prevents the cane or crutch from wearing through the tip. The retractable spike is made of stainless steel and will not rust. The tip has a patented elastic neck that adjusts to the dimension of the cane or crutch shaft making it easy for the user to replace or substitute tips as needed. Fits cane or crutch shafts measuring 5/8" - 7/8". Black in color.

\$14.95

Ingrid Classic Cane/Crutch Tip

Model: LS176

The Ingrid Classic Cane/Crutch Tip is manufactured in Sweden and made of high quality polyurethane. The use of this material makes them extremely durable and provides for an excellent grip both indoors and outdoors. Safety is enhanced because the tread pattern at the bottom of the tip does not wear as quickly as a conventional tip. Inside the tip is a rust proof metal washer made of zinc plated steel which prevents the cane or crutch from wearing through the tip. The tire track treads at the point of contact provide an excellent grip on most surfaces. Its convex bottom enhances both walking comfort and durability. This cane tip has a patented elastic neck which adjusts to the dimension of the cane or crutch shaft, making it easy for the user to replace tips as needed. Tip fits canes and crutches with common dimensions of 5/8 - 7/8 in. Black in color.

\$6.95

StrongArm Forearm Cane Standard

Model: PLS854

This innovative mobility aid combines the elegance and simplicity of an offset cane with the support and stability of a forearm crutch. The patented cradle braces the forearm on three sides. This design isolates the wrist and makes the entire device feel like a solid extension of the user's arm. The stylish tubular construction is appealing, while the open cradle design makes the device approachable by even the most apprehensive user. The StrongArm Forearm Cane effectively replaces quad-canes and offset canes where more weight bearing or balance support is needed. This cane is particularly helpful when there are stairs to ascend or descend due to its superior support and less bulky design. The StrongArm Forearm Cane can be used in pairs as an alternative for forearm crutch and walker users. Made of strong lightweight aluminum alloy, this cane can support up to 250 lbs. Large tightening nuts allow the cane to adjust in height from 26 in to 35 in. The cradle opening is 3.125 in and all cushioned surfaces are 100% latex free. Hexagonal floor tip flattens for improved traction on all floor types. Available in silver or bronze. This sturdy cane provides the user with confidence and peace of mind that comes from knowing that he is stable and secure.

\$59.95

StrongArm Forearm Cane Stout

Model: LS856

This innovative mobility aid combines the elegance and simplicity of an offset cane with the support and stability of a forearm crutch. The StrongArm Forearm Cane Stout is the heavy duty version of the Standard Model. The patented "cradle" braces the forearm on three sides. This design isolates the wrist and makes the entire device feel like a solid extension of the user's arm. The stylish tubular construction is appealing, while the open cradle design makes the device approachable by even the most apprehensive user. The StrongArm Forearm Cane effectively replaces quad-canes and offset canes where more weight bearing or balance support is needed. This cane is particularly helpful when there are stairs to ascend or descend due to its superior support and less bulky design. The StrongArm Forearm Cane can be used in pairs as an alternative for forearm crutch and walker users. Made of strong lightweight aluminum alloy, this cane can support up to 300 lbs. Large tightening nuts allow the cane to adjust in height from 28 in to 37 in. The cradle opening is 3.5 in and all cushioned surfaces are 100% latex free. Hexagonal floor tip flattens for improved traction on all floor types. Available in shiny titanium silver. This sturdy cane provides the user with confidence and peace of mind that comes from knowing that he is stable and secure.

Pet Products

KOTE-GLO NO-RINSE Dog and Puppy Shampoo

Model: PLS574

The KOTE-GLO NO-RINSE premium dog shampoo shares the same formula that is used in the NO-RINSE products that are so popular in the health care industry. This dog and puppy shampoo is convenient and easy to use for those who have difficulty getting a dog in the bathtub or other tub and using water to wash. Just apply this shampoo, lather and towel dry. No need to rinse with water. This dog shampoo in the spray bottle is great for quick cleanups on small areas while the squeeze bottle can be taken along to places where washing your dog with water is not possible such as on camping trips or vacations. The special formula is ph balanced, eliminates odors and contains no alcohol. Fragrance is hypoallergenic. This shampoo is gentle on your dog's coat as well as the skin. Recommended by Veterinarians and professional groomers. Elderly persons don't have to give up their beloved pet just because they can't give them a traditional bath or can't afford to pay someone else to do it. This inexpensive product solves this problem.

Available in both a squeeze or spray bottle. Sold in 16 fl. oz. bottles.

\$5.95

Includes vinyl carrying case.

\$69.95

Puzzles to Remember

Model: LS166-1

Exercise multiple areas of the brain
Cheerful and nostalgic themes
Extra Large pieces
Approximately 5.3 million Americans have Alzheimer's disease, roughly one in eight Americans over the age of 65. It is a progressive and deadly form of dementia that is not part of the natural aging process and it is on the rise. Currently brain research shows that activities like doing jigsaw puzzles "exercise" the brain and can help slow the progression of Alzheimer's Disease, currently the seventh leading cause of death in the United States. Traditional jigsaw puzzles, however, often prove too frustrating for advanced Alzheimers patients to manipulate and solve. Springbok's Puzzles to Remember have only 36 pieces, giant pieces, that are much easier for Alzheimer's patients to manipulate. Plus, the carefully chosen themes provide gentle stimulation, positive reinforcement and opportunity for success. Puzzles measure approximately 18" x 23.5"

\$14.95

Real Big Playing Cards

Model: NC29113

These really big playing cards are ideal for those people who have difficulty holding regular cards. These low vision playing cards are easy to hold and very easy to read. WondaWedge

Model: LS5520

A lightweight and affordable alternative to a foam bed wedge, the inflatable WondaWedge features an attached mat that keeps the wedge in place without a supporting wall. Great for people with hiatal hernias, acid reflux, or respiratory problems, the WondaWedge is fully adjustable and can be rotated for two different reclining positions. It can also be used under the knees. Deflate for easy packing and travel. Available in Blue. Measures 18 in x 31 in.

\$32.95

Support Pillows / Backrests

AB Contour Pillow

Model: PLS109

This support pillow is designed to provide help for neck and back pain. The unique contour shape supports your neck in its most natural position, helping to relieve cervical strain and tension headaches. Using this compact, comfortable cushion while sitting also helps relieve low-back strain. The luxurious satin cover is soft on your face to help your complexion and reduce sleeping wrinkles. Hairstyles are kept in place while providing therapeutic support. Airway blockage, a major cause of snoring, can also be helped. Tension headaches, pain from neck injuries and arthritis are a few conditions that can be helped by proper sleeping posture. The support pillow is constructed of high quality, precision-cut foam to ensure years of comfort and use. The neck pillow measures 14 in x 9 1/2 in with 1 1/2 in and 3 5/8 in lobes. This compact size makes it convenient for travel. Satin covers come in blue, burgundy and white.

\$32.95

\$52.95

Convoluted Seat Pad

Model: MAB552-8005-0000

Ideal for prevention and treatment of decubitus ulcers. Convoluted surface helps with weight distribution and air circulation. Provides comfort and support for those who have to sit for long periods of time. Made of medical-grade foam for long lasting use. Available with or without back or poly/cotton plaid cover. Flame-retardant. Seat with back measures 18 in. x 32 in. x 3 in. Plaid seat measures 16 in. x 18 in. x 4 in.

\$21.95

Core CervAlign Pillow

Model: PLS265

The CervAlign Pillow's patented pillow fitting system ensures a proper fit for any body style. Available in four lobe sizes, this versatile pillow provides both comfort and support for those who sleep on their back or side. The unique, curved neck lobe provides excellent support by placing your neck in the appropriate position for cervical correction and providing the proper support for your shoulders. This orthopedic pillow also functions well as a conventional pillow by simply rotating the support lobe away from the neck. The large upper pillow section gently cradles your head with down-like comfort. This pillow is fiber filled and covered with high quality 230 thread-count fabric for maximum comfort and durability. Recommended for back and side sleeping. Hand washable. Pillow measures 24 in x 16 in.

\$53.95

Core CPAP Pillow

Model: LS279

The common compliance issues reported by CPAP users are pressure point soreness and mask leaks from pillow interference. The Core CPAP Pillow was designed by CPAP users, for CPAP users. These unique pillows have a quilted side panel which creates a distinct edge that will not collapse, allowing the mask to comfortably hang over the side of the pillow. This prevents the mask from being forced into the side of the face. The CPAP Pillow's design makes it durable enough to support the head and neck without losing its edge, yet soft enough to sleep on all night. The pillow is comfortable for both side and stomach sleepers. In addition to CPAP users, patients required to sleep on their side for other reasons, such as oral or dental appliances, fibromyalgia and other chronic pain, or pregnancy can benefit from this pillow and its unique shape. These pillows measure 13.5 in x 19.75 in x 3.25 in (4.25 in, 5.25 in respectfully) and is filled with hypo-allergenic synthetic down fill. Available in three heights. Fitted pillowcase is included.

\$59.95

Core Memory Pillows

Model: PLS190

The Core Memory Pillows are designed to help stabilize an existing condition and provide comfort for special sleeping needs. Made of 100 percent viscoelastic foam, these support pillows respond to the heat of your body to better conform to the unique shape of your head and neck. Includes a washable, plush fabric cover. Fits a standard pillowcase. Available in Full-size (14 in x 19.5 in, Lobes 4 in and 5 in) and Mid-size(12 in x 19.5 in, Lobes 3 in and 4 in).

\$69.95

Core Mini CPAP Pillow

Model: LS278

The Mini CPAP Pillow is designed for those who prefer less elevation than the regular Core CPAP Pillow. Filled with hypo-allergenic synthetic down fill and measures 13 in x 9 in x 4 in. This pillow makes a great travel pillow for all CPAP users. Fitted pillowcase is included.

\$48.95

Core Sitback Rest

Model: PLS400

The Sitback Rest cushion promotes proper posture in any chair while providing medium to firm support and comfort for your lower back. The side-support wings ensure ultimate comfort by helping keep you in the correct position. This backrest can be used at home, office or in your car. These back supports are made from precision-cut foam and have positioning belts that secure them to the chair. These lumbar cushions have earned the Health & Wellness Seal of Approval from the National Health and Wellness Club for ease of use, design and performance. Back rests measure 13 in x 14 in. The Standard model is covered with a durable cotton-blend cover and the Deluxe model features a plush polyester cover for added comfort.

\$34.95

Core Tri-Core Pillow

Model: PLS200

This premier, fiber-filled support pillow is the highest quality cervical support pillow available. Exceptional construction, high-quality materials, performance, and attention to detail make this the most requested fiber support pillow. This bed pillow supports your neck in its most natural and neutral position. Two different sized lobes provide a better fit for different sized sleepers. Side lobes are taller for side sleeping. Designed for either back or side sleeping. Fits standard pillow case. Pillow measures 24 in x 16 in and is available in standard or gentle support.

\$53.95

DMI Hugg-A-Pillow Bed Pillow

Aircast Tennis Elbow Strap

Model: NC15430

This comfortable Aircast® tennis elbow strap is ideal for tendinitis as well as tennis elbow. The tennis elbow brace has a sealed aircell which applies pressure where you need it most focusing on the involved muscle and less around the arm. Tennis elbow treatment involves applying pressure to the elbow tendon to help relieve pain down the forearm. Hand wash this tennis elbow support in cool, soapy water and air dry. One size fits forearms with a circumference of 10 in to 14 in.

\$22.95

Captain Sports Adjustable Ankle Support with Spandex Wrap

Model: LS49010

The Captian Adjustable Ankle Support with Spandex is anatomically designed to provide a customized level of support. The separate spandex wrap provides additional support and stability to help prevent rolling of the ankle and limit joint stress. This comfortable neoprene Ankle Support is equipped with strong Velcro fasteners to ensure a perfect fit. The Captian Ankle Support is made with high quality, breathable neoprene and a durable, reinforced spandex wrap. Designed for use on either ankle. One size fits all.

\$18.95

Captain Sports Adjustable Arch Support

Model: LS49050

The Captian Adjustable Arch Support is designed to alleviate arch pain caused by inflammation of the plantar fascia. The comfortable Arch Support provides direct compression to lift the arch to a natural position, helping to relieve arch pain, distribute pressure, reduce inflammation and prevent tearing of the Plantar Fascia tissue. The Captian Adjustable Arch Support is made with high quality, breathable neoprene and a durable, reinforced elastic strap to ensure a perfect fit. The support is designed for use on either foot and is one size fits all.

\$15.95

Captain Sports Adjustable Elbow/Wrist Support

Model: LS49030

The Captain Adjustable Elbow/Wrist Support is a multi-use, fully adjustable support for use on the elbow or the wrist. When worn on the upper forearm, the support provides a customized level of compression designed to relieve or prevent pain associated with common elbow injuries such as Tennis and Golfer's Elbow. When worn on the wrist, the support provides therapeutic values of heat retention and support to help alleviate pain associated with Carpal Tunnel Syndrome and reduce the likelihood of injury. Equipped with an adjustable Velcro fastener, the Captain Elbow/Wrist support allows the user to choose the perfect amount of pressure applied to ensure proper circulation and movement. One size fits all and can be worn on the left or right arm.

\$15.95

Captain Sports Adjustable Knee Brace with Lateral Supports

Model: LS49042

The Captain Adjustable Knee Brace with Lateral Supports provides excellent support without sacrificing mobility. This lightweight brace is equipped with two durable plastic stays on either side of the knee to offer exceptional stability. The built-in patella stabilizer ring reduces patella movement to ensure proper and efficient motion of the knee. The two durable Velcro straps allow for a customized level of compression both above and below the knee. Made with high quality neoprene, reinforced seams, and durable Velcro fasteners, this Captain Knee Brace is perfect for those who require advanced support and stability without compromising mobility and comfort. Sizing Chart Measure the circumference directly around knee cap. Small - 12.5" - 14" Medium - 14" - 15.5" Large - 15.5" - 17" Extra Large - 17" - 18.5"

\$30.95

Captain Sports Adjustable Shin Support

Model: LS49210

The Captain Adjustable Shin Support provides compression and therapeutic heat retention to alleviate pain due to ailments such as shin splints and calf muscle strains. Three Velcro closures allow for easy application, customized compression and a perfect fit on either leg. The Captain Shin Support is constructed with high quality, non-slip neoprene to ensure proper placement and great comfort during athletic activities. One size fits all.

\$15.95

Captain Sports Adjustable Thigh Support

Model: LS49130

The Captain Adjustable Thigh Support provides compression and support for the quadriceps and hamstring muscles. Made with high quality, non-slip neoprene, this fully adjustable support helps retain therapeutic body heat to minimize and alleviate pain due to muscle strains and pulls. The Captain Adjustable Thigh Support is equipped with three Velcro closures to ensure a customized fit on either leg. One size fits all..

\$20.95

Captain Sports Adjustable Wrist Support

Model: LS49060

The Captain Adjustable Wrist Support is designed to provide maximum support for injury prevention, as well as relieve pain associated with common wrist ailments such as Carpal Tunnel Syndrome by reducing tendon irritation and inflammation. This Captain Adjustable Wrist support is equipped with two Velcro® tightening straps to ensure the perfect level of compression, support and comfort. Designed for use on the left or right wrist and is adjustable to all wrist sizes.

\$14.95

Captain Sports Back Support with Shoulder Straps

Model: LS49087

The Captain Back Support with Shoulder Straps is designed for the most demanding workers and athletes. The Support is equipped with three Velcro fasteners for adjustable support, five rigid lumbar support stays, and removable shoulder straps providing excellent back support, with great comfort for all-day wear. Soft terry lined material adds to the comfort of the front of the support, while an aerated nylon back helps to release uncomfortable body heat. Sizing Chart Measure at the smallest point of waist Small/Medium - up to 35" Medium/Large - 35" and over

\$39.95

Captain Sports Elastic Ankle Support

Model: LS49107

The Captain Elastic Ankle Support provides firm support and compression to help relieve stiffness and soreness associated with minor sprains and strains as well as arthritic pain. The contoured fit, open-heel design and breathable elastic ensure a cool and comfortable fit during all of your athletic activities. The Captain Elastic Ankle Support is made with high quality, long-life elastic to ensure the same level of support and compression every use. Sizing Chart Measure the circumference directly over the joint. Small/Medium - up to 10" Large/Extra Large - 10" and above

Model: LS49142

The Captain Hinged Knee Brace with Patella Stabilizers provides the highest level of support of all of the Captain knee braces. This stabilizing brace is equipped with two durable metal hinges on either side of the knee to offer exceptional stability. The built-in patella stabilizer ring and four adjustable stabilizer straps helps reduce patella movement to ensure proper and efficient motion of the knee. The two durable Velcro straps both above and below the knee allow for a customized level of compression. Made with high quality neoprene, reinforced seams, and durable Velcro fasteners, this Captain Knee Brace is perfect for those who require superior support and stability without compromising comfort. Sizing Chart Measure the circumference of your extended knee cap. Small - 11" - 13" Medium - 13" - 14.5" Large - 14.5" - 16" Extra Large - 16" - 18"

\$48.95

Captain Sports Iliotibial Support

Model: LS49160

The Captain Iliotibial Support is designed to provide comfortable compression to the outside of the upper knee to prevent Iliotibial band friction and snapping, and to help alleviate pain associated with ITBS or "Runner's Knee". The one size fits all Iliotibial Support is equipped with non-slip neoprene and a durable Velcro closure for customized compression and support. Proper stretching and icing of the injured area should be performed frequently to aid in the recovery of Iliotibial Band Syndrome. One size fits all.

\$16.95

Captain Sports Knee Sleeve with Patella Stabilizer

Model: LS49172

The Captain Knee Sleeve with Patella Stabilizer is anatomically designed to provide mid-level support without limiting range of motion. The padded patella stabilizer ring reduces unnecessary patella movement associated with many knee injuries and the comfortable compression keeps the knee warm and loose to reduce the likelihood of injury. The Captain Knee Sleeve with Patella Stabilizer is made from lightweight, breathable neoprene with reinforced upper and lower seams for lasting durability. Sizing Chart Measure the circumference around your knee cap. Small - 11" - 13.5" Medium - 13.5" - 15" Large - 15" - 16.5" Extra Large - 16.5" - 18"

\$14.95

Captain Sports Long Elastic Wrap

Model: LS49180

The Captain Long Elastic Wrap is a durable, 39" long, reinforced elastic strap designed to provide excellent compression and easy application. The 3" wide elastic wrap is popular among sports trainers due to the multiple uses of the wrap. Wrap around nearly any joint for firm, customizable support or use the wrap to secure ice packs to injured areas. Equipped with a strong, Velcro closure to allow for easy application. One size fits all.

\$10.95

Captain Sports Multi-Purpose Jumbo Gel Pack with Pouch

Model: LS49150

The Captain Multi-Purpose Jumbo Gel Pack with Pouch can be easily secured to any injured area of the body making it the ultimate value in hot/cold therapy. For up to 30 minutes of hot or cold therapy for sprains, strains or bruises, simply heat or freeze the gel pack, insert the pack into the pouch and apply to the injured area. The long elastic wrap holds the gel pack in place and applies even compression so that the gel pack forms around the injured area. Includes a reusable 6" X 9" gel pack with mesh pouch and a 36" elastic wrap with Velcro fastener. One size fits all.

\$28.95

Captain Sports Neoprene Elbow Sleeve

Model: LS49022

The Captain Elbow Sleeve provides the therapeutic values of heat retention, compression and support. The high quality neoprene retains heat to warm and relax the muscles and tendons helping you regain full elbow movement. The Captain Elbow Sleeve provides comfortable compression to help reduce the pain associated with common elbow injuries such as Tennis and Golfer's Elbow, without limiting range of motion. Made with high quality, closed cell neoprene for great comfort and constructed to last with reinforced seams and capped edges. Designed to be worn on the left or right arm. Norco Neoprene Thumb Support

Model: PNC15952

The Norco® Neoprene Thumb Support provides flexible support for painful wrist and thumb conditions such as tendinitis or arthritis. This wrist and thumb support is made of soft material that stretches and conforms for comfort and can be trimmed with scissors for a custom fit. This arthritis product is made of neoprene with a hook and loop strap. Hand wash in cool, soapy water and air dry. Latex free. One adjustable size fits most hands.

\$16.95

Norco Universal Tennis Elbow Strap

Model: NC15889

The Norco® tennis elbow strap is easy to fit and cinch. This item provides tennis elbow support and compression without binding. The tennis elbow band has extra padding which applies pressure where needed to relieve forearm pain. Made of durable nylon-lined neoprene, this tennis elbow band is latex free. The tennis elbow strap is hand or machine wash. One adjustable size fits forearms with a circumference of 7½" to 13½".

\$10.95

Pil-O-Splint

Model: PNC18101

These comfortable Pil-O-Splint[®] wrist splints are designed for treating carpal tunnel syndrome, arthritis, tendinitis and stroke. Made of a soft, flannel-like material, these wrist splints promote warmth and circulation and the cushioned foam with rigid stays immobilize the hand, wrist and fingers to relieve pain in these areas. The extended length of this hand splint keeps fingers from moving making it ideal for use while sleeping. The palm rests on a small pillow while the hand and wrist remain in a neutral position. Both models fit either hand. The Standard model slides on and off easily and fits forearms with a circumference up to 12". The Wraparound model has a Vercro[®] strap that can be adjusted to accommodate forearms of all sizes. Splint lengths are measured from the wrist to the forearm. Machine washable.

Saunders Posture Support

Model: PNC92454

The suspender-style elastic straps of the Saunders Posture Support® criss-cross over the back to gently pull the shoulders, spine and lower back into a more erect position reducing back and shoulder pain. This posture support helps to prevent stooped shoulders and maintain good posture. The back posture support anchors around the waist with an adjustable, elastic waistband that provides a comfortable custom fit. Elastic underarm straps on this posture support brace are covered with soft, cotton fabric to prevent pinching or binding. The posture support can be worn under or over clothing. Size by measuring waist.

\$49.95

Swede-O Heel-Rite

Model: PS84135

The Heel-Rite provides effective daytime treatment for Plantar Fasciitis. Plantar Fasciitis is a painful condition; the treatment shouldn't cause additional irritation. The patented Heel-Rite is patient friendly due to its ease of use, comfort and low profile design. The Heel-Rite fits comfortably in your shoe to provide daytime treatment and pain relief during your normal routine. The support straps replace the need for taping by lifting the arch and providing compression to the plantar fascia for immediate relief. The Heel-Rite applies effective support to relieve tension and pain on the plantar fascia during the day when the sufferer needs it most.

\$39.95

Swede-O Plantar FXT

Model: PS81234

The Plantar FXT features a patented design to treat Plantar Fasciitis. The adjustable tension strap pulls the toes upward and the foot into a slight dorsiflexion position. This gently stretches the plantar fascia so it may heal. The combination of the thermal properties that help reduce inflammation and the stretching of the plantar fascia while sleeping aids in the treatment of Plantar Fasciitis. Non-slip Safety Sole rubber grip bottom helps prevent slipping. Night-time Relief for Plantar Fasciitis The Plantar FXT keeps the plantar fascia in a comfortable and stretched position during sleep. This prevents further damage and allows for healing. With regular use the Plantar FXT helps eliminate the sharp pain caused by Plantar Fasciitis. Small: Men's 5.5-7 Women's 6.5-9 Medium: Men's 7.5-10 Women's 9.5-11 Large: Men's 10.5-12 women's 11.5-13 Extra Large: Men's 12.5-14 Women's 13.5-15 Double Extra Large: Men's 14.5+ Women's 15.5+

\$36.95

Swede-O Plantar FXT Ultra

Model: PS82124

Provides comfortable and effective nighttime treatment for Plantar Fasciitis. Simply place your foot into the Thermoskin slipper, secure the soft-cell foam wedge near the ball of your foot, and secure the semi-elastic straps. The Thermoskin Plantar FXT ULTRA holds your foot at approximately 90 degrees so the plantar fascia is in a stretched position where it may heal. By wearing overnight, your plantar fascia can begin repairing itself during sleep and alleviate the pain of Plantar Fasciitis. Plantar FXT ULTRA's soft, low profile slipper design effectively treats Plantar Fasciitis while still allowing for a restful night sleep. Small: Men's 5.5-7 Women's 6.5-9 Medium: Men's 7.5-10 Women's 9.5-11 Large: Men's 10.5-12 women's 11.5-13 Extra Large: Men's 12.5-14 Women's 13.5-15 Double Extra Large: Men's 14.5+ Women's 15.5+

Writing Aids

Arthwriter Hand Aid

Model: LS73514

Lightweight plastic tool helps people with hand or finger disabilities eat, write, groom and perform other daily activities. Ideal for anyone with arthritis, missing fingers or an arm in a cast. Provides a comfortable grip on a pen, pencil, razor, toothbrush or other utensil and can be used with many control sticks on motorized wheelchairs. Has a 3" diameter with a 3/4" hole through the center. One end is flat to prevent rolling. A large thumbscrew on the side clamps the handle of any item inserted into the hole.

\$7.95

EzGrip EZ1 Ballpoint Pen

Model: PD84120

The EzGrip® Ez1 Ballpoint Pen shares the same qualities, and is identical to the ResQ model in the way it performs. The difference is in the materials used in producing the translucent colors and the Ballpoint ink. The Ez1 is made for those who prefer color pens and writing with a ballpoint. The ballpoint ink refill is a low viscosity formula that writes more easily than standard inks. All refills are interchangeable. As with all EzGrip pens - only the slightest touch of that one first finger tip is needed to provide downward writing pressure. Like touching a computer key - but lighter. The other fingers can just go along for the ride. It's not the usual everyday writing experience, but one more comfortable and advanced. In practical terms, using the ergonomic pen EzGrip Ez1 Ballpoint Pen, it's possible to never again get writer's cramp, or hand cramps of any type - never again contemplate the onset of any Itis - Tendonitis, Arthritis... or RSI's such as Carpal Tunnel. Syndrome. In practical terms it also means that even having those conditions may not matter. Their mechanisms or weaknesses may not enter into the writing process at all. The EzGrip pen is often called the "miracle pen" for persons with arthritis, tendonitis, and other hand problems. It means it is your pen, a student's pen, a teacher pen, the doctor pen - or the pen doctor, a nurse pen, anybody's pen. Here's Why Using the EzGrip as described, the built-in mechanisms within our hands and arms that create those weaknesses are actually disconnected or bypassed. The patented EzGrip enables the individual to switch positions. And rely on other fingers. Many of us write in personal ways. The EzGrip allows users to switch fingers at any time to adapt to their individual style of writing. More specifically, the thumb can be used for downward writing pressure - even the middle finger knuckle. There is no incorrect way to hold and use an EzGrip. It's your choice. Left handed? You'll now be in charge - no settling. Black ink. Pens available in red, blue and black. Help Stamp Out and Prevent Writer's Cramp!

\$6.00

EZGrip Pen/Tool Grip (3)

Model: D71120

The EzGrip Pen/Tool Grip has the same benefits as the EzGrip Pen. The rubber grip provides the same comfort, the same light touch, the same control, and the same ergonomic injury prevention qualities. The Grips are used in schools K-12 used by students and teachers, colleges, industry, microelectronics and medical environments. The referred to as rubber grips, pen grips, pencil grips and grippers can be attached to or can replace existing grips on any pen, pencil or pencil-like tool for ease of use. Example Pilot G2, or Zebra Sarasa pens. The rubber grips are used on dental picks used in industry, probes, scalpels, modeling type knives and small hobby tools. Also use the EzGrip grip whenever repetitive motions are required to gain more precise control over the instrument used, and when small implements must be used over long periods of time. We're part of school supplies in the US, UK, Europe to Australia and New Zealand. EzGrip Pen/Tool pencil grips are made of a rubber composite that is hypoallergenic and can be cleaned and chemically sterilized. The EzGrips have low electrostatic discharge - ESD, and shedding properties. They are used in industries requiring clean-room and electronics atmospheres. It is suggested the product be tested for each type of application prior to use. The grips can be custom manufactured for industrial and medical applications. Materials may be changed, and form-fit to specific tools and for desirable properties such as vibration damping also. Friction Alert! The grips are rubber. When slipped over other rubber or plastic materials the friction created makes this a difficult task. We suggest using a drop of water in the center hole to lessen the friction. The grip will go on smoother and expand to suit the needed width. The water will evaporate. Do not use oils. Oil will not evaporate. You can actually cut open the back of the grip with a scissors and wrap it around and over existing rubber grips or larger products such as markers. That old devil Friction will keep it in place. And if it doesn't, chances are you're using too much pressure and hurting yourself

\$2.95

EZGrip ResQ Gel Pen

Model: D82101

Using the ergonomic EzGrip® ResQ™ & Adroit Gel Pen is a unique experience -- not only for their writing abilities - described as "...floating on paper," but having the distinction as a pen that cradles and conforms to an extended finger and tip. Only the slightest touch of that one first finger tip is needed to provide downward writing pressure. Like touching a computer key - but lighter. The other fingers can just go along for the ride. It's not the usual everyday writing experience, but one more comfortable and advanced.. Gel ink is closest to fountain pen ink or rollerball in it's writing characteristics. It flows smoothly, and dries quicklyThe patented EzGrip enables the individual to switch positions, relying on other fingers. Many of us write in personal ways - with different finger holds. The EzGrip allows users to switch fingers at any time to adapt to their individual style of writing. More specifically, the the thumb can be used for writing pressure - even the middle finger knuckle. There is no incorrect way to hold and use an EzGrip. It's your choice. It's comfort. It will save pain and discomfort. Left handed? You'll now be in charge - no settling.

\$8.50

Keyboard Typing Aid & Button Pusher

Model: LS127

The Typing Aid helps people with decreased hand function to accurately depress the keys on computers, calculators and telephones. The key depressor will not damage machine keys. This hand aid can also be used as a page turner or as a button pusher for use on microwaves or any device that requires the push of a button. Overall length is 7 1/2". The Type Aid consists of a hard plastic cuff that slips around the hand and an attached metal rod that has a rubber tip. The aid can be used on either hand.

\$22.95

Lite-Touch Pen

Model: NC21020

The built-up, textured surface of this writing pen makes it easier to hold and requires almost no pressure to write. An indentation of this arthritis pen helps to relieve thumb pain and aids in gripping. The hollow shaft makes the grip pen very light and easy to use by people with arthritis. The circumference measures 2". This writing tool uses Parker #30316 refill. Black ink.

\$7.95

Page Turner & Keyboard Aid with Wrist Cuff

Model: LS128

The Page Turner/Keyboard Aid consists of a plastic wand with a foam rubber tip that is attached to a 1" wide adjustable wrist band. The wrist band adjusts using hook and loop closures. This helpful aid enables people with limited hand function or dexterity to easily flip through pages of books, newspapers and magazines. This Page Turner and Typing Aid is designed to be used on the right or left hand. Can also be used on keyboards and phone pads. Measures 1" x 8".

\$38.95

Posture Rite Lap Desk

DressEZ Long Handle Shoehorn and Dressing Aid

Model: PNC28577

The DressEZ combines a dressing stick and a long shoehorn. The hook can be used to help put on pants, sweaters, socks and other articles of clothing or to remove clothes hangers from high closet rods. This dressing aid is made of smooth, durable plastic that is 1 1/4 in. in diameter and covered with soft foam. The DressEZ is available in 24 in. and 30 in. lengths.

\$14.95

Easy-Pull Sock Aid

Model: NC28600

The Easy-Pull Sock Aid[®] sock aid features a flexible sock trough covered with nylon that allows the foot to slide easily. The terry cloth outer cover keeps the sock in place as it is pulled onto the foot. This sock aid is ideal for people who cannot bend at the waist. Large loop handles at the end of 32" straps allow for use by those persons with weak grasps. The sock aid is hand washable.

\$15.95

Good Grips Button Hook

Model: NC28667

The Good Grips Button hook makes the task of buttoning clothes easy for people who have arthritis or limited use of the hands. The soft, rubber-like handle is easy to grip and measures 4 in. The total length of the button hook is 6 in.

\$8.95

Key Turner

Model: NC28255

The Key Turner has a curved, heavy-duty plastic handle that provides extra leverage to turn standard keys. People with arthritis and weak grasp will find this key holder very handy. The Key Turner holds three keys that fold into the handle when not in use. This product will not accommodate a plastic built-up car key. This arthritis product measures 4 3/4" long and 7/8" wide.

\$8.95

PocketDresser

Model: LS016

Don't struggle with buttons or zippers any longer. The PocketDresser[®] is a revolutionary aid that makes dressing an easy task for persons struggling with arthritis or some other hand impairment. Constructed of fully hardened 301 stainless steel with aircraft aluminum handles and a comfortable nylon strap, this dressing aid is the best available. Superior design, industrial quality, lightweight and reliable. This dressing tool has a large button hook that is sturdy enough to handle buttons on jeans, pants and coats; the small button hook and closed loop buttoner easily fastens shirt and cuff buttons. The zipper pick zips pants, sweatshirts and coats with little effort. All tools fit into neatly into the handle for easy storage and transport. Large triangular loops on each tool make them easy to open for use. This handy dressing aid is dishwasher safe and comes with a one year manufacturer's warranty. Give yourself or your loved one independence with dressing again. Handle available in red. Click to [View PocketDresser Demonstration Video](#)

Xtensor Hand Exerciser

Model: NC52014-BL

WINNER OF THE 2007 MEDICAL DESIGN EXCELLENCE AWARD FOR NEW REHABILITATION PRODUCT. The Xtensor is the most innovative device available to enhance hand performance in sports and on the job. This device is a uniquely designed tool used in the conditioning of the muscles and tendons that open the hand. Resistance training produces the best results for developing strength, but the finger extensor muscles and tendons rarely receive opportunities for exercise. When properly exercised the potential for improved performance is increased. This hand therapy aid can also be used in rehabilitation to decrease the effects of arthritis and other upper extremity disorders. The Xtensor provides relief for joint stiffness, tennis elbow, stroke recovery, Guyon's Syndrome, Corrective surgery, carpal tunnel, Dupuytren's Contracture. Used by dentist, surgeons, golfers, gamers, computer users, tennis players, pitchers, musicians or anyone who relies on their hand strength.

\$26.95

Freedom Alert Medical Alert System

Model: FA35922

The world's first 2-way emergency pendant communicator with NO Monthly FEES. Emergencies can happen in all parts of a home and frequently right outside a home in the yard or driveway. So whether you are just checking in with a friend, need some quick help from a neighbor, or are in an emergency, your FreedomAlert pendant will allow you to communicate your message instantly and efficiently from anywhere in and around your home. All with ONE button activation. Up to 4 user programmable contacts to call anytime. You can personalize the system with a flick of a three position switch on the base unit to:

1. Call up to 4 custom contacts
2. Call up to 4 custom contacts & then the 911 emergency operator
3. Or just the 911 emergency operator.

It's your choice. Emergency operators are available as backup if needed. FreedomAlert can also contact a free 911 emergency operator as a backup in case you cannot reach a family member or neighbor. This way you are completely protected 24 hours a day, 7 days a week. You are never alone with FreedomAlert. Traveling? Whether you are moving across town or going to visit the grandkids across the country, this is not a problem for FreedomAlert. Just unplug your unit from the phone jack and toss it in your suitcase. When you get to your destination, simply plug it into the local phone jack. No additional programming needed. And if you call 911, they will have the local caller ID of that location. Complete coverage in and around your home. Because you are speaking through your pendant, FreedomAlert allows you to communicate your message from every corner of your home, outside in the yard and in the driveway. Emergencies can happen anywhere. And just one button activation. Never pay a monthly, activation or set up fee again. FreedomAlert is yours to keep and use forever. Once you purchase it there is nothing more to pay.

- Water Resistant The pendant can be taken into the shower where serious accidents happen.
- Voice Prompted System Provides voice announcements for set-up, testing, battery test and full system check.
- Pendant Battery Lithium-ion battery can provide several hours of talk time on a full charge and up to several months in stand-by. Two rechargeable batteries are included. One charges in the base station charger, while the other is in the pendant. Simply swap the batteries around every few months. Press the battery test button on the back of the pendant for a second to hear an audible announcement - "battery is OK"; "battery is low"; or "replace battery now". No guessing on battery status.
- System has standby emergency battery power- Rechargeable batteries continually charge in the base station so as to be able to provide up to 24 hours of standby power in the event of a power failure.
- Pendant can be carried in 3 convenient methods- Included with each system is a Lanyard, a Wrist Strap/Wheelchair strap holder and a Belt Clip.
- Multiple pendants can be used with one base- A total of up to 4 Pendants and Emergency Wall Communicators can be set to work with one system. Great for husband & wife, or assisted living communities.
- Approved in all 50 states and Canada- DECT Technology 1.9 Ghz. FCC & DOC certified. Factory is 150-9001 approved. Meets guidelines of NENA (the 911 association). Conforms to UL1637.
- Voice over IP (VoIP) Compatible The Newest version of the Freedom Alert Medical Alert System available. Now with DECT technology. What is DECT? Digital Enhanced Cordless Telecommunications is a digital wireless communication technology that operates at 1.9 GHz. It has now become a global standard in cordless telecommunications. In general and all other technology components being equal, the lower the frequency, the longer the physical range you'll get with your cordless communications. DECT 6.0 technology is the best in today's cordless phone market. DECT technology is designed and dedicated to cordless communication in residential, commercial and public environments, so you're unlikely to be interfering with other home electronics. Besides premium voice quality and extended range, DECT technology is inherently more efficient with battery life. This means that your batteries will last much longer with a DECT product than other technologies.

\$289.95

Geri Bib

Model: LS99GB

This adult bib makes mealtimes easier because it is designed to be draped over a Geri-chair with attached tray. Special Velcro closure allows bib to be secured to tray so food can be placed directly onto bib. This practice prevents liquids and food from falling between the armrests and seat cushion of the chair. This extra large bib measures 38" L x 30" W and can completely cover the chest and lap area of an adult. Made of a durable poly/cotton blend and lined with 100% waterproof vinyl to keep the person clean and dry. Machine wash and dry. Features a stainless steel closure. Available in assorted Unisex colors. Made in USA.

\$14.95

Knork Flatware

Model: LS031

The Knork® is an innovative new eating utensil designed to simplify dining for those with special needs as well as others who just want the convenience of having one utensil do the work of two. Knork® Flatware serves as a fork for eating, but also as a knife to easily cut food with a simple rocking motion. The outer beveled tines provide highly effective cutting without being sharp, making them safe for children, seniors, persons having motor skill disabilities, persons having the use of only one hand or any circumstance where the use of a fork and knife are impossible. In these situations the enlarged handle allows for easy gripping and is balanced to aid in use. The finger platform has a greater surface area that provides more comfort with less effort while cutting food. Made of high quality 100 % forged stainless steel for strength and durability. This eating utensil is great for everyday use and to foster independent eating. Gloss Finish. Dishwasher safe. Limited Lifetime Warranty.

\$7.95

Knork Plastic Flatware

Model: LS032

The plastic Knork® Flatware has all the features of the stainless steel Knork® with the added benefit of mobility. This plastic utensil eliminates the need for two separate utensils while on the road or at home. This unique utensil is a fork, but is able to cut food with a simple rocking motion. Take this plastic utensil to work, travel, picnics, tail-gate parties, camping, hunting and fishing. The red color of this handy utensil may benefit alzheimer's patients who have difficulty distinguishing food colors while eating. This eating utensil is lighter than the stainless steel Knork® Flatware which may benefit some persons with limited hand strength or young children. Dishwasher Safe. Package of Four (4).

SelfWipe Toilet Aid

Model: PLS0045

SelfWipe is a bathroom toileting aid for those with difficulties cleaning after using the toilet. The SelfWipe makes post-toilet cleaning possible for people with a myriad of physical disabilities and mobility challenges, such as difficulty bending or limited use of hands and arms. The rotating handle allows the desired amount of toilet tissue to be rolled. The tissue is then placed around the angled clamp on the lower portion of the device. After use, the tissue is discarded by pressing an easy-to-use release button on the end of the handle. Handle measures 9 3/4 in. Angled clamp portion measures 5 in. The overall length of the toilet aid is 14 3/4 in. Made of sturdy plastic. Autoclavable. Use with No Rinse Peri-Wash for added personal hygiene. This toileting aid is a tremendous aid to independent living.

*see Instruction Diagrams below.

A Fitness Experience DVD

Model: LSYALN

ATTENTION! The use of this DVD could PREVENT FALLS and significantly Improve Your BALANCE! This 48 minute program is packed with exercises that ANYONE can do and when done regularly, will change your life! "A Fitness Experience" is a strength building program designed for the mature adult. The program is created by Arnie Fonseca, MS, CSCS who is a Certified Exercise Physiologist specializing in Senior Adult Fitness.. He received his graduate degree at the Arizona State University. With the large retirement population in Arizona, Arnie became aware of the lack of strength programs geared to these individuals and others who may have some physical limitations. "A Fitness Experience" DVD is a good place to start in getting fit. Please consult your physician before starting any exercise program. The program is divided into 8 sections which can be easily found on the DVD. The sections include warm-up, legs /hips, back/shoulders, arms, abdominals, grip, balance and relaxation. Introduction and closing will provide valuable fitness and wellness information for your own personal knowledge. Hand Exerciser

Model: PNC52000

Strengthen your grip and increase hand strength with the Hand Exerciser. To use the hand exerciser, loop a rubber band around the top bar of the sliding finger grip for light resistance. As strength increases, attach additional rubber bands to increase resistance. The Deluxe Hand Exerciser provides additional adjustability. Two metal thumb screws can be tightened or loosened to change the length of pull. Adjust the hand exerciser to fit any hand size or desired range of use. Foam hand grip adds comfort. Both hand exercisers come complete with rubber bands. *see photos below.

\$9.95

Iso Hand Helper

Model: LS144

The Iso Hand Helper® provides an isometric workout for the hand and forearm muscles. The innovative design of this hand exerciser promotes isometric strength, range of motion and muscle coordination of the hand and forearm without involving muscle groups of the upper body. This hand exerciser consists of two rolling finger bars connected to a padded double-handled outer frame and sliding inner frame. The user creates the desired resistance level by pulling the inner sliding frame with the opposing hand. For early stage rehabilitation, this device promotes joint and soft tissue mobilization. After regaining normal hand function, the device provides increased levels of resistance for more advanced strengthening programs.

Model: PLS00001

Nukkes® allows you to give a relaxing massage to someone with very little effort. These lightweight, flexible, plastic, hand held massagers fit comfortably in the palms of both hands to provide the ultimate massage experience. There is no way to describe how wonderful this product really is. You simply have to try them for yourself. Can be used with lotions or oils for a full body massage. Sold in pairs. *see photos below.

\$12.95

Over door Exercise Pulley

Model: 13005

The over door exercise pulley by Drive Medical was designed to safely and easily increase range of motion whenever you please, be it while sitting or standing. It easily fits over a standard door and arrives complete with a door bracket, pulleys, cord and handles. The product is protected by a limited lifetime warranty.

\$22.95

Over Door Exercise Pulley

Model: NC52060

This exercise pulley helps to increase arm and shoulder strength and flexibility. Ideal for people who need to do shoulder strengthening exercises because of a stroke or other shoulder injury. This piece of exercise equipment requires good hand grip for proper use. Easy-to-install door bracket fits over the top edge of any standard size door. Because of its compact size, the exercise pulley can be packed for travel.

\$19.95

Rainbow Putty

Model: PNC98199-03

Rainbow Putty is used for developing hand muscle strength, increasing range of motion and reducing stiffness. As strength increases, gradually increase the resistance of the exercise putty. Resistance of the therapy putty is indicated by the color. The exercise putty is sold in reusable 3 oz. containers. Illustrated hand exercise instructions are included.

\$5.95

Stretch-Rite

Model: NC84599

This color-coded stretch exerciser provides safe gradual stretching. Stretch-Rite helps improve flexibility and range of motion in the arms, shoulders, legs, hips and back. Stretches muscles slowly and safely. Change handgrip positions to increase the amount of stretch in even, progressive stages. Stretch-Rite is constructed of strong nylon webbing with six high-impact, color-coded, plastic hand grips. Ergonomically shaped grips fit comfortably in the hand, providing a better grip than using a towel or rope. Progress on the stretch exerciser can be noted as you advance from one color grip to the next. An illustrated instruction manual is included. *see photos below.

\$32.95

Thera Cane

Model: NC92222

The Thera Cane is a massage product that offers precise control, allowing individuals to massage painful muscles independently. Pnpoint hard-to-reach spots for deep massage. The curved, fiberglass massage cane has several knobs that require little force to apply pressure to stiff and fatigued muscles. An instructional DVD on the Thera Cane is sold separately.

\$39.95

TheraBand Hand Exerciser

Model: PNC52130

These TheraBand hand exercisers are ideal for strengthening grip and increasing hand motion. Five color-coded levels of resistance accommodate a weak to strong hand grasp. These exercise balls can be heated in the microwave for warm therapy, or chilled in the freezer for cold therapy. A brief listing of some hand exercises is included. The hand exercisers measure 2 in in diameter.

\$12.95

Thumb Helper

Model: PLS143

The versatile design of the Thumb Helper provides a variety of exercise options to promote thumb and individual finger strength. Two stacking spacer pegs easily attach to the frame to vary the range of motion. Assorted color-coded elastic bands are included to vary the resistance level. Assorted color-coded latex-free elastic bands are available separately in a 3 oz. bag.

\$15.95

WiTouch Wireless TENS

Model: ELT11-1510

WiTouch Wireless TENS is the world's first wireless remote controlled pain relief device incorporating TENS technology to specifically target low back pain. Advanced electronic design maximizes energy use, providing over 100 thirty-minute treatment sessions per battery life. The WiTouch incorporates the gate control and opiate release theories of pain management in a 30-minute preprogrammed treatment cycle. Frequency modulation minimizes stimulation accommodation. 110mA intensity output is higher than most other portable TENS devices on the market today. Easy to use without any lead wires or bulky wraps or belts. Thin, lightweight and flexible design contours to the back for a perfect fit on almost any body type. Almost undetectable under clothing and very comfortable to wear. WiTouch Gel Pads adhere the WiTouch device to the skin and provide a dispersive medium between the patient's skin and the electronic stimulation of the built-in electrodes. Gel pads remove easily from a plastic backing and attach to the unit without any sticky residue or glues. Following treatments, pads can be covered with plastic backing for reuse in up to five additional applications. WiTouch package includes WiTouch unit, remote and five pairs of WiTouch Gel Pads. Replacement packs of five pair of WiTouch Gel Pads available separately.

Xtensor Hand Exerciser

Model: NC52014-BL

WINNER OF THE 2007 MEDICAL DESIGN EXCELLENCE AWARD FOR NEW REHABILITATION PRODUCT. The Xtensor is the most innovative device available to enhance hand performance in sports and on the job. This device is a uniquely designed tool used in the conditioning of the muscles and tendons that open the hand. Resistance training produces the best results for developing strength, but the finger extensor muscles and tendons rarely receive opportunities for exercise. When properly exercised the potential for improved performance is increased. This hand therapy aid can also be used in rehabilitation to decrease the effects of arthritis and other upper extremity disorders. The Xtensor provides relief for joint stiffness, tennis elbow, stroke recovery, Guyon's Syndrome, Corrective surgery, carpal tunnel, Dupuytren's Contracture. Used by dentist, surgeons, golfers, gamers, computer users, tennis players, pitchers, musicians or anyone who relies on their hand strength.

Stroke

Amefa Utensils Curved Handle

Model: PHU2452

These lightweight eating utensils are made of stainless steel and have built-up black plastic handles. The curved handles on the forks and spoons allow persons with arthritis to use with very little wrist movement. The L shaped knife has a serrated blade and can be used in a rocking motion to cut.

\$17.95

Amefa Utensils Straight Handle

Model: HU2448

These lightweight stainless steel utensils have black built-up plastic handles for easy grasping. The knife has a serrated edge for easy cutting. Utensils sold separately.

\$17.95

Dexterity Kit

Model: LS890

This economical kit contains items to help persons who have arthritis or limited use of their hands. Kit contains 2 lamp switch turners, 1 zipper puller/button hook, 3 easy key turners, 3 pen or pencil cushions and 2 spoon or fork holders. Made of lightweight plastic, these items can help make simple tasks around the house a little easier.

\$19.95

Good Grips Utensils

Model: PNC65591

The large, easy-to-hold Good Grips handles on these eating utensils are made of a soft, rubber-like material that is comfortable to hold and adapts to any grip. The metal shaft on each stainless steel spoon and fork allows it to be bent to any angle. The rocker knife uses an easy rocking motion and minimal arm strength for cutting. The rocker knife is also available with a serrated blade. The souper spoon has a raised lip that helps to keep liquids and food the spoon. These kitchen utensils can be used with either the right or left hand.

These unique kitchen utensils are ideal for people who have arthritis, weak grip or limited arm movement due to stroke. The eating utensils are sold individually. Dishwasher safe.

\$10.95

GripWare High-Sided Dish

Model: PNC35225

The GripWare[®] High-Sided dish features nonskid feet on bottom that keeps dish in place while eating. Anyone who has limited flexibility or motor coordination due to a stroke or other neurological disorder will benefit from this plate. This dish comes in two styles, both made of melamine. The Regular dish has the same side height, 1 1/4", around the entire circumference of the dish. The Cutout Edge dish had a tapered side that slopes to 1/2". Dishes have a diameter of 7 3/4" and are ideal for use with one hand. Dishwasher safe.

Melamine dishes should not be used in the microwave.

\$9.95

Knork Flatware

Model: LS031

The Knork[®] is an innovative new eating utensil designed to simplify dining for those with special needs as well as others who just want the convenience of having one utensil do the work of two. Knork[®] Flatware serves as a fork for eating, but also as a knife to easily cut food with a simple rocking motion. The outer beveled tines provide highly effective cutting without being sharp, making them safe for children, seniors, persons having motor skill disabilities, persons having the use of only one hand or any circumstance where the use of a fork and knife are impossible. In these situations the enlarged handle allows for easy gripping and is balanced to aid in use. The finger platform has a greater surface area that provides more comfort with less effort while cutting food. Made of high quality 100 % forged stainless steel for strength and durability. This eating utensil is great for everyday use and to foster independent eating. Gloss Finish. Dishwasher safe. Limited Lifetime Warranty.

\$7.95

Knork Plastic Flatware

Model: LS032

The plastic Knork® Flatware has all the features of the stainless steel Knork® with the added benefit of mobility. This plastic utensil eliminates the need for two separate utensils while on the road or at home. This unique utensil is a fork, but is able to cut food with a simple rocking motion. Take this plastic utensil to work, travel, picnics, tail-gate parties, camping, hunting and fishing. The red color of this handy utensil may benefit alzheimer's patients who have difficulty distinguishing food colors while eating. This eating utensil is lighter than the stainless steel Knork® Flatware which may benefit some persons with limited hand strength or young children. Dishwasher Safe. Package of Four (4).

\$2.95

Norco Universal Quad Cuff

Model: NC35350

The Universal Cuff provides a secure grasp on items of various handle shapes and sizes. The cuff is made of textured, cushioned foam and is fastened by use of a strap and "D" ring. A piece of cylindrical foam pads the palm of the hand. It is ideal for persons with limited hand function. The elastic strap on the cuff can be adjusted to fit a variety of different-sized handles. This utensil holder will securely hold items such as silverware, pens, pencils, brushes, and combs. One size fits all.

\$12.95

The Writing Bird

Model: NC21003

The Writing Bird™ is a writing instrument that is ideal for people who are unable to hold a pen. The writing tool can be used with either the right or left hand. Gentle pressure on the bird's tail allows it to glide along the writing surface without smearing. This writing aid is made of frosted, durable plastic. A retractable pen with blue ink is included. U.S. Patent 4,917,517.

\$22.95

TheraBand Hand Exerciser

Model: PNC52130

These TheraBand hand exercisers are ideal for strengthening grip and increasing hand motion. Five color-coded levels of resistance accommodate a weak to strong hand grasp. These exercise balls can be heated in the microwave for warm therapy, or chilled in the freezer for cold therapy. A brief listing of some hand exercises is included. The hand exercisers measure 2 in in diameter.

\$12.95
